Pro MERN Stack Apress

Original introduction by Warren Ellis, author of Transmetropolitan and Gun Machine Who are these bold rebels pillaging their European neighbors in the name of revolution? The Futurists! Utopian pirate-warriors of the tiny Regency of Carnaro, unlikely scourge of the Adriatic Sea. Mortal enemies of communists, capitalists, and even fascists (to whom they are not entirely unsympathetic). The ambitious Soldier-Citizens of Carnaro are led by a brilliant and passionate coterie of the perhaps insane. Lorenzo Secondari, World War I veteran, engineering genius, and leader of Croatian raiders. Frau Piffer, Syndicalist manufacturer of torpedos at a factory run by and for women. The Ace of Hearts, a dashing Milanese aristocrat, spymaster, and tactical savant. And the Prophet, a seductive warrior-poet who leads via free love and military ruthlessness. Fresh off of a worldwide demonstration of their might, can the Futurists engage the aid of sinister American traitors and establish world domination?

Pirate Cinema Createspace Independent Publishing Platform The graphic novel Are You Listening? is an intimate and emotionally soaring story about friendship, grief, and healing from Eisner Award winner Tillie Walden. Bea is on the run. And then, she runs into Lou. This chance encounter sends them on a journey through West Texas, where strange things follow them wherever they go. The landscape morphs into an unsettling world, a mysterious cat joins them, and they are haunted by a group of threatening men. To stay safe, Bea and Lou must trust each other as they are driven to confront buried truths. The two women share their stories of loss and heartbreak—and a startling revelation about sexual assault—culminating in an exquisite example of human connection. This magical realistic adventure from the celebrated comics creator of Spinning and On a Sunbeam will stay with readers long after the final gorgeously illustrated page. 2020 Eisner Award Winner, Best Graphic Album--New A Chicago Public Library Best of the Best Book of 2019 A National Public Radio (NPR) Best Book of 2019 An O Magazine Best LGBTQ Book of 2019 One of The Comics Beat's Best Comics of 2019 A Lambda Literary Award Finalist

True Names Macmillan

"Cory Doctorow straps on his miner's helmet and takes you deep into the caverns and underground rivers of pop culture, here filtered through SF-colored glasses. Enjoy."-Neil Gaiman New York Times bestselling author Cory Doctorow has been hailed as one of the freshest voices in science fiction, and this collection of intriguing novellas is yet another reason why. Have you ever wondered what it's like to live through a bioweapon attack or to have every aspect of your life governed by invisible ants? In Cory Doctorow's collection of novellas, he wields his formidable experience in technology and

computing to give us mind-bending sci-fi tales that explore the possibilities of information technology-and its various uses-run amok. "Anda's Game" is a spin on the bizarre new phenomenon of "cyber sweatshops," in which people are paid very low wages to play online games all day in order to generate in-game wealth, which can be converted into actual money. Another tale tells of the heroic exploits of "sysadmins"-systems administrators-as they defend the cyberworld, and hence the world at large, from worms and bioweapons. And yes, there's a story about zombies, too. "He sparkles! He fizzles! He does backflips and breaks the furniture! Science fiction needs Cory Doctorow." -Bruce Sterling, award-winning author of Schismatrix Plus and The Difference Engine

Someone Else's Summer Macmillan

New York Times bestselling author Cory Doctorow and illustrator Matt Rockefeller present a sweetly scary picture book about a girl whose monster-catching activities delay her bedtime in Poesy the Monster Slayer. A monster slayer needs no bedtime! Once her parents are off to bed, Poesy excitedly awaits the monsters that creep into her room. With the knowledge she ' s gained from her trusty Monster Book and a few of her favorite toys, Poesy easily fends off a werewolf, a vampire, and much more. But not even Poesy's bubblegum perfume can defeat her sleep-deprived parents! At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied. The Rapture of the Nerds HarperCollins UK " A twisty, cold-case mystery custom made for fans of Sara Shepard, PLL and Veronica Mars! The edge-of-your-seat plot, sinister backstory and smart, brave and irreverent main character made this whodunit unputdownable. " —Justine Magazine In To Catch a Killer, a contemporary mystery by debut author Sheryl

Scarborough, a teenage girl uses forensic science to solve the cold-case murder of her mother. Erin Blake has one of those names. A name that is inextricably linked to a grisly crime. As a toddler, Erin survived for three days alongside the corpse of her murdered mother, and the case—which remains unsolved—fascinated a nation. Her father's identity unknown, Erin was taken in by her mother's best friend and has become a relatively normal teen in spite of the looming questions about her past. Fourteen years later, Erin is once again at the center of a brutal homicide when she finds the body of her biology teacher. When questioned by the police, Erin tells almost the whole truth, but never voices her suspicions that her mother's killer has struck again in order to protect the casework she's secretly doing on her own. Inspired by her uncle, an FBI agent, Erin has ramped up her forensic hobby into a full-blown cold-case investigation. This new murder makes her certain she's close to the truth, but when all the evidence starts to point the authorities straight to Erin, she turns to her longtime crush (and fellow suspect) Journey Michaels to help her crack the case before it's too late. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Cory Doctorow's Attack Surface is a standalone novel set in the world of New York Times bestsellers Little Brother and Homeland. Most days, Masha Maximow was sure she'd chosen the winning side. In her day job as a counterterrorism wizard for an transnational cybersecurity firm, she made the hacks that allowed repressive regimes to spy on dissidents, and manipulate their every move. The perks were fantastic, and the pay was obscene. Just for fun, and to piss off her

masters, Masha sometimes used her mad skills to help those same troublemakers evade detection, if their cause was just. It was a dangerous game and a hell of a rush. But seriously self-destructive. And unsustainable. When her targets were strangers in faraway police states, it was easy to compartmentalize, to ignore the collateral damage of murder, rape, and torture. But when it hits close to home, and the hacks and exploits she 's devised are directed at her friends and family--including boy wonder Marcus Yellow, her old crush and archrival, and his entourage of naïve idealists--Masha realizes she has to choose. And whatever choice she makes, someone is going to get hurt. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Attack Surface Tor Teen

The stunning sequel to NEXUS Six months have passed since the release of Nexus 5. The world is a different, more dangerous place. In the United States, the terrorists - or freedom fighters - of the

Post-Human Liberation Front use Nexus to turn men and women into human time bombs aimed at the President and his allies. In Washington DC, a government scientist, secretly addicted to Nexus, uncovers more than he wants to know about the forces behind the assassinations, and finds himself in a maze with no way out. In Thailand, Samantha Cataranes has found peace and contentment with a group of children born with Nexus in their brains. But when forces threaten to tear her new family apart, Sam will stop at absolutely nothing to protect the ones she holds dear. In Vietnam, Kade and Feng are on the run from bounty hunters seeking the price on Kade's head, from the CIA, and from forces that want to use the back door Kade has built into Nexus 5. Kade knows he must stop the terrorists misusing Nexus before they ignite a global war between human and posthuman. But to do so, he'll need to stay alive and ahead of his pursuers. And in Shanghai, a posthuman child named Ling Shu will go to dangerous and explosive lengths to free her uploaded mother from the grip of Chinese authorities. The first blows in the war between human and posthuman have been struck. The world will never be the same. File Under: Science Fiction [Upgraded | Closer Than You Think | Upload | Civil War] Praise for Book 1: NEXUS:"The only serious successor to Michael Crichton." - Scott Harrison, author of Archangel "Good. Scary Good." - Wired "One of the Best Books of 2013"- NPR "Provocative. A double-edged vision of the post-human." - The Wall Street Journal "Starred Review. Naam turns in a stellar performance in his debut SF novel. What matters here is the remarkable scope and narrative power of the story." - Booklist "A gripping piece of near future speculation... all the grit and pace of the Bourne films." - Alastair Reynolds, author of Revelation Space "A lightning bolt of a novel, with a sense of awe missing from a lot of current fiction." -Ars Technica "A rich cast of characters...the action scenes are crisp, the glimpses of future tech and culture are mesmerizing." - Publishers Weekly "Read

it before everyone's talking about it." - John Barnes
Praise for Book 2: CRUX: "A blisteringly paced technothriller that dives deeper and even better into the chunky questions raised by Nexus. This is a fabulous book, and it ends in a way that promises at least one more. Count me in." - Cory Doctorow, author of Little Brother "Nexus and Crux are a devastating look into the political consequences of transhumanism; a sharp, chilling look at our likely future." - Charles Stross "Smart, thoughtful, and hard to drop, this richly nuanced sequel outshines its predecessor." - Publishers Weekly "A heady cocktail of ideas and page-turning prose. It left my brain buzzing for days afterwards." - Hannu Rajaniemi, author of The Quantum Thief "Highly recommended for preparation of the future revolution." - Harper Reed, Former CTO, Obama for America

Somewhere Only We Know Axon Press

Assemble the complete stack required to build a modern web app using MongoDB, Express, React, and Node. This book also covers many other complementary tools: React Router, GraphQL, React-Bootstrap, Babel, and Webpack. This new edition will use the latest version of React (React 16) and the latest React Router (React Router 4), which has a significantly different approach to routing compared to React Router 2 which was used in the first edition of the book. Though the primary focus of Pro MERN Stack is to equip you with all that is required to build a full-fledged web application, a large portion of the book will be devoted to React 16. The popular MEAN (MongoDB, Express, AngularJS, Node) stack introduced Single Page Apps (SPAs) and front-end Model-View-Controller (MVC) as new and efficient paradigms. Facebook's React is a technology that competes indirectly with AngularJS. It is not a full-fledged MVC framework. It is a JavaScript library for building user interfaces (in some sense the View part). Yet, it is possible to build a web app by replacing AngularJS with React – hence the term MERN stack What You Will LearnDiscover the features of React 16 to get the maximum out of this library Gain the basics of MongoDB, Express, and Node to build a web app Work with other libraries complementary to React, including React-Bootstrap, React Router, and GraphQL Use tools such as Babel and Webpack required to build JavaScript-based SPAs Tie all the components together to build a complete web app. Who This Book Is For Developers and architects who have prior experience in any web app stack

other than the MERN stack will find the book useful to learn about this modern stack. Prior knowledge of JavaScript, HTML, and CSS is required.

Months after Anna Korlov opened a door to Hell and sacrificed herself for seventeen-year-old ghost hunter Cas Lowood, persistent visions of Anna being tortured cause Cas to decide to save her as she once saved him. Content Tor Books

The tale of duelling galactic colony-organisms that are competing to recruit all the matter in the universe for raw computation.

Poesy the Monster Slayer Tor Teen

In Cory Doctorow's wildly successful Little Brother, young Marcus Yallow was arbitrarily detained and brutalized by the government in the wake of a terrorist attack on San Francisco—an experience that led him to become a leader of the whole movement

of technologically clued-in teenagers, fighting back against the tyrannical security state. A few years later, California's economy collapses, but Marcus's hacktivist past lands him a job as webmaster for a crusading politician who promises reform. Soon his former nemesis Masha emerges from the political underground to gift him with a thumbdrive containing a Wikileaks-style cable-dump of hard evidence of corporate and governmental perfidy. It's incendiary stuff—and if Masha goes missing, Marcus is supposed to release it to the world. Then Marcus sees Masha being kidnapped by the same government agents who detained and tortured Marcus years earlier. Marcus can leak the archive Masha gave him—but he can't admit to being the leaker, because that will cost his employer the election. He's surrounded by friends who remember what he did a few years ago and regard him as a hacker hero. He can't even attend a demonstration without being dragged onstage and handed a mike. He's not at all sure that just dumping the archive onto the Internet, before he's gone through its millions of words, is the right thing to do. Meanwhile, people are beginning to shadow him, people who look like they're used to inflicting pain until they get the answers they want. Fast-moving, passionate, and as current as next week, Homeland is every bit the equal of Little Brother—a paean to activism, to courage, to the drive to make the world a better place. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Homeland First Second

In a dystopian, near-future Britain, sixteen-year-old Trent, obsessed with making movies on his computer, joins a group of artists and activists who are trying to fight a new bill that will criminalize even more harmless internet creativity.
