Living It Up, Southern Style Houghton Mifflin

The closer is the ace reliever who specializes in closing out the game without surrendering the lead. Facing a power hitter in the ninth inning with a man on base and no outs takes nerves of steel. The pressure on the mound is intense. It takes a special breed to hold it together in these situations.

Legendary manager Tony LaRusso said “ Sure, games can get away from you in the seventh and eighth, but those last three outs in the ninth are the toughest. ” It

wasn't until the creation of “ the save, ” the successful maintenance of a lead by a relief pitcher, in 1960 that the position of closer began to rise in prominence. Today, closers are seen as some of the most intense athletes in all of sports. Neary and Tobin explore the unique personalities of major leagues' most prominent relief pitchers from Bruce Sutter (Cubs, Cardinals, and Braves) to Mariano Rivera (Yankees). Closer is an insider's look into the role of the closing pitcher, how the position has evolved, and how legends—Trevor Hoffman, Rollie Fingers, Dennis Eckersley, John Smoltz, Rich “ Goose ” Gossage, Mariano Rivera, Brian Fuentes, and many more—coped with the stress on the mound such as when facing the .340 batter in the bottom of the ninth with only a one run lead.

famous author, has set two goals for himself: to win the school writing contest and to win the heart of his secret crush, Kennedy. But his life has had some major twists and turns lately, and the recent loss of his mother definitely complicates things. Arthur is in turns outrageous, defiant, and unintentionally hilarious as we peek over his shoulder at his reading journals, notes from his long-suffering teachers, his offbeat articles for the school newspaper — even the emails he sends to writing partner Kennedy. A groundbreaking culinary work of extraordinary depth and scope that spans more than one thousand years of history, A Mediterranean Feast tells the sweeping story of the birth of the venerated and diverse cuisines of the Mediterranean. Author Clifford A. Wright weaves together historical and culinary strands from Moorish Spain to North Africa, from coastal France to the Balearic Islands, from Sicily and the kingdoms of Italy to Greece, the Balkan coast, Turkey, and

the Near East. The evolution of these cuisines is not simply the story of farming, herding, and fishing; rather, the story encompasses wars and plagues, political intrigue and pirates, the Silk Road and the discovery of the New World, the rise of capitalism and the birth of city-states, the Crusades and the Spanish Inquisition, and the obsession with spices. The ebb and flow of empires, the movement of populations from country to city, and religion have all played a determining role in making each of these cuisines unique. In A Mediterranean Feast, Wright also shows how the cuisines of the Mediterranean have been indelibly stamped with the uncompromising geography and climate of the area and a past marked by both unrelenting poverty and outrageous wealth. The book's more than five hundred contemporary recipes (which have been adapted for today's kitchen) are the end point of centuries of evolution and show the full range of culinary ingenuity and indulgence, from the peasant kitchen to the merchant pantry. They also illustrate the migration of local culinary predilections, tastes for food and methods of preparation carried from home to new lands and back by conquerors, seafarers, soldiers, merchants, and religious pilgrims. A Mediterranean Feast includes fourteen original maps of the contemporary and historical Mediterranean, a guide to the Mediterranean pantry, food products resources, a complete bibliography, and a recipe and general index, in addition to a pronunciation key. An astonishing accomplishment of culinary and historical research and detective work in eight languages, A

Mediterranean Feast is required--and intriguing--reading for any cook, armchair or otherwise.

In the wake of the September 11 terrorist attacks, many of America's Christian evangelicals have denounced Islam as a "demonic" and inherently violent religion, provoking frustration among other Christian conservatives who wish to present a more appealing message to the world's Muslims. Yet as Thomas Kidd reveals in this sobering book, the conflicted views expressed by today's evangelicals have deep roots in American history. Tracing Islam's role in the popular imagination of American Christians from the colonial period to today, Kidd

demonstrates that Protestant evangelicals have viewed Islam as a global threat--while also actively seeking to convert Muslims to the Christian faith--since the nation's founding. He shows how accounts of "Mahometan" despotism and lurid stories of European enslavement by Barbary pirates fueled early evangelicals' fears concerning Islam, and describes the growing conservatism of American missions to Muslim lands up through the post-World War II era. Kidd exposes American Christians' anxieties about an internal Islamic threat from groups like the Nation of Islam in the 1960s and America's immigrant Muslim population today, and he demonstrates why Islam has become central to evangelical "end-times" narratives. Pointing to many evangelicals' unwillingness to acknowledge Islam's theological commonalities with Christianity and their continued portrayal of Islam as an "evil" and false religion, Kidd explains why Christians themselves are ironically to blame for the failure of evangelism in the Muslim world. American Christians and Islam is essential reading for anyone seeking to understand the causes of the mounting tensions between Christians and Muslims today.
