'Janey is like a whirlwind of selflessness. A beautiful spirit in a beautiful country doing a beautiful thing. I encourage my children to be more 'Janey'. With more positive spirits like Janey, the world would be a better place.' - Ben Fogle In 2014 and in her mid-twenties, Janey Lowes had been a vet for just two years when she left her home in County Durham and went travelling. Visiting Sri Lanka, she was horrified to see the state of so many of the island's dogs, in particular the three million strays. Over 5,000 miles from home, Janey decided there and then that she was going to move to the island indefinitely and do everything within her power to help them. She raised £10,000 to get started, setting up a charity called WECare Worldwide, and began work. Frightened, determined and excited all at the same time, she found a local who was willing to work with her and began scouring the streets for dogs in need. Some she patched up as best she could at the roadside, others she brought back and treated in a make-shift surgery she had cobbled together in her new home. With very little equipment, she and her small team came up with new and ingenious ways to treat the animals. In this highly inspiring and heartfelt book full of challenges and adventure, Janey introduces us to her world and the tireless work she carries out. As she says, 'I feel as though all these dogs are my dogs and I have a responsibility to them.' In it, we meet many of the colourful characters who have come to offer help, along with innumerable street dogs who have suffered all sorts of trauma and injury, only to be scooped up by Janey and her team and saved.

El proceso civil se encuentra frente a una muy interesante encrucijada, ante él se abren dos caminos. Uno conduce hacia un territorio ya conocido, seguro, consolidado, es el dominio de las prácticas profesionales y tribunales originadas hace siglos y conservadas por mandato de la tradición. Es el reino del papel y la tinta. El otro nos lleva hacia un campo diferente, un terreno actual y con proyección hacia el futuro. En este nuevo ámbito se suman a los contenidos procesales perennes lo atinente al uso de las nuevas tecnologías. Es, ahora, el reino de lo digital. Hoy el proceso se inserta en el contexto informatizado que ya vive y se desenvuelve fuera de los muros de los tribunales. La vida cotidiana está enclavada en un mundo donde lo electrónico adquiere cada vez más presencia. Esta realidad es fuente incesante de nuevos desafíos. Los abogados que diariamente trabajan en la búsqueda de la mejor solución para el litigio que tiene a su cliente como protagonista, a las dificultades propias del arte de abogar, debe ahora (y ya desde hace bastante tiempo) sumar las dificultades del arte de abogar digitalmente. El derecho procesal electrónico constituye un nuevo formato, una nueva dimensión de la actividad desarrollada ante y por los tribunales. En la presente obra se analizarán distintos temas vinculados al derecho procesal electrónico, como ser la prueba electrónica (domicilio, notificaciones, presentaciones, oficios y comunicaciones electrónicas) en el marco de los procesos judiciales; audiencias remotas; estrategia probatoria electrónica prejudicial; gestión y accesibilidad de la información en los expedientes digitales; formación del abogado, requerimientos tecnológicos del estudio jurídico; y principios del derecho procesal electrónico.

"Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt
