My Buddy Bill Yale University Press

Gabriel is a New York City college kid who loves to bury his nose in books, looking up stories of long-dead cultures, lost languages, and forgotten legends. He never imagined one of those legends would come looking for him—until a tough-talking girl named De Mona Sanchez thrusts an ancient weapon into his hands...and recruits Gabriel in a dark epic war he was born to fight. Banished centuries ago by warrior knights, a demonic army is storming through a dimensional rift into our world. Stalkers are prowling the streets. Corpses are rising up to fight. And Gabriel—a descendant of one of the original warriors—has no choice but to drop his textbooks and start kicking demon butt alongside his new friend De Mona...who has a few secrets of her own. If Gabriel fails, humanity loses. If war is hell, this is hell on earth... Kris Greene's *The Dark Storm* is thrilling contemporary fantasy.

Autism is a complex multifaceted disorder affecting neurodevelopment during the early years of life and, for many, throughout the life span. Inherent features include difficulties or deficits in communication, social interaction, cognition, and interpersonal behavioral coordination, to name just a few. Autism profoundly impacts the affected individual, the family, and, in many cases, the localized communities. The increased prevalence of childhood autism has resulted in rapid developments in a wide range of disciplines in recent years. Nevertheless, despite intensive research, the cause(s) remain unresolved and no single treatment strategy is employed. To address these issues, *Comprehensive Guide to Autism* is an all-embracing reference that offers analyses and discussions of contemporary issues in the field of autism. The work brings together scientific material from leading experts in the field relating to a wide range of important current topics, such as the early identification and treatment of children with autism, pertinent social and behavioral studies, recent developments in genetics and immunology, the influence of diet, models of autism, and future treatment prospects. *Comprehensive Guide to*

Autism contains essential readings for behavioral science researchers, psychologists, physicians, social workers, parents, and caregivers.

The twelfth-century French poet Chr é tien de Troyes is a major figure in European literature. His courtly romances fathered the Arthurian tradition and influenced countless other poets in England as well as on the continent. Yet because of the difficulty of capturing his swift-moving style in translation, English-speaking audiences are largely unfamiliar with the pleasures of reading his poems. Now, for the first time, an experienced translator of medieval verse who is himself a poet provides a translation of Chr é tien ' s major poem, *Yvain*, in verse that fully and satisfyingly captures the movement, the sense, and the spirit of the Old French original. *Yvain* is a courtly romance with a moral tenor; it is ironic and sometimes bawdy; the poetry is crisp and vivid. In addition, the psychological and the socio-historical perceptions of the poem are of profound literary and historical importance, for it evokes the emotions and the values of a flourishing, vibrant medieval past.

Betty Crocker Bisquick Impossibly Easy Pies Judicial James and Katie Falcon are astonished when a Time Ship appears in the cellar with their long-deceased ancestor Captain Horatio Falcon at the helm. The Ship includes a fresh food supply of two cows. Pandemonium breaks out when Great-Aunt Dorothea is faced with a cow in her lounge. The spooked second cow stumbles into the Time Ships controls, despatching the Ship into the past at Lost Island. But it is swarming with bloodthirsty treasure-seeking pirates and the crews odds of survival appear impossible. Then the youngsters discover the Time Ships mysterious source of power and the odds of their survival and their future change spectacularly.

California Judges Benchbook Xlibris Corporation

The authors trace the emergence of Atatürk and Reza Shah through the constitutional revolutions in Iran and the Ottoman Empire, which led to the introduction of European social models, the establishment of dictatorship and of secularist reforms. This produced in both Turkey and Iran highly authoritarian, nationalist, and quasi-westernised states, where the personality cult of the leader defined the politics of each country."

PC World

Atlas at War! collects fifty hard-hitting stories from Atlas Comics, the company that became Marvel Comics and published more war titles than anyone in the industry between the years 1951 and 1960. Comics historian Dr. Michael J. Vassallo has chosen the best of the best, many of which are coming back into print for the first time, from sixteen different Atlas war titles and featuring the artwork of twenty different artists--giants of the genre, including Russ Heath, John Severin, Bernie Krigstein, Joe Maneely, Jerry Robinson, Steve Ditko, and Jack Kirby. Each page has been meticulously restored from its first printing by comic art restorer Allan Harvey. *Atlas at War!* covers the brutal pre-code period where graphic depictions of war action were rendered by artists who were World War II veterans themselves, as well as the post-code period, where code restrictions forced creators to tell stories without graphic violence but produced some of the most beautiful comic art of the genre. In addition to the artists, stories cover all aspects of war--from famous campaigns, weaponry, and personal soldier stories to political topics, Nazi atrocities, and even one story tinged with pre-code horror! Often overlooked in favor of its competitors, *Atlas at War!* will finally show that Atlas' war titles were second to no one.
