A stunning work of scholarship, the Norton Critical Edition of The English Bible, King James Version, is the most accessible edition available. In celebration of the 400th anniversary of the King James Bible, these long-awaited volumes bring together succinct introductions to each biblical book, detailed explanatory annotations, and a wealth of contextual and critical materials. Archaic words are explained,

textual problems are lucidly discussed, and stylistic features of the original texts are highlighted. For the New Testament and the Apocrypha, the introductions and annotations by Austin Busch and Gerald Hammond provide necessary historical and cultural background, while illuminating the complexity of the original texts. Supporting materials are divided into five sections. “ Historical Contexts ” excerpts Greek, Roman, and Jewish sources, such as Josephus, Philo, Tacitus, Pliny, and the Dead Sea Scrolls. Selections from Papias, Marcion, and Valentinus, among others, provide insight into the diversity of early Christianity. “ Exegesis ” explores classic New Testament commentary from Origen and Augustine to Strauss, Nietzsche, Wrede, and Schweitzer, who focus on the Gospels ’ vexing relationship to history. Essays by contemporary scholars and critics complete the section by exemplifying a range of interdisciplinary

---

approaches to New Testament literature. The New Testament 's powerful language and images have inspired some of the finest poems in the English language. This volume collects a wide selection of lyric poems, hymns and spirituals, and epics, from the Dream of the Rood to works by Countee Cullen, Elizabeth Bishop, and Anthony Hecht. Case studies designed to stimulate classroom discussion trace the development of Pontius Pilate as a character in post-biblical literature, follow the centuries-long exegetical debate about Romans 7, and survey competing hermeneutical approaches to Revelation. A final section samples fifteen translations of 1 Corinthians 13, from Wycliffe to contemporary versions.

Univ of California Press

*The Way to Rainy Mountain* recalls the journey of Tai-me, the sacred Sun Dance doll, and of Tai-me's people in three unique voices: the legendary, the historical, and the contemporary. It is also the personal journey of N. Scott Momaday, who on a pilgrimage to the grave of his Kiowa grandmother traversed the same route taken by his forebears and in so doing confronted his Kiowa heritage. It is an evocation of three things in particular: a landscape that is incomparable, a time that is gone forever, and the human spirit, which endures. Celebrating fifty years since its 1969 release, this new edition offers a moving new preface and invites a new generation of readers to explore the Kiowa myths, legends, and history with Pulitzer Prize-winning author N. Scott Momaday.

Langston Hughes was an American poet, social activist, novelist, playwright, and a columnist. Hughes was one of the earliest innovators of the then-new literary art form called jazz poetry. Hughes is best known as a leader of the Harlem Renaissance in New York City. He famously wrote about the period, which was later paraphrased as "when Harlem was in vogue".

Though left uncompleted, "Kubla Khan" is one of the most famous examples of Romantic era poetry. In it, Samuel Coleridge provides a stunning and detailed example of the power of the poet's imagination through his whimsical description of Xanadu, the capital city of Kublai Khan's empire. Samuel Coleridge penned "Kubla Khan" after waking up from an opium-induced dream in which he experienced and imagined the realities of the great Mongol ruler's capital city. Coleridge began writing what he remembered of his dream immediately upon waking from it, and intended to write two to three hundred lines. However, Coleridge was interrupted soon after and, his memory of the dream dimming, was ultimately unable to complete the poem. HarperPerennial Classics brings great works of literature to life in digital format, upholding the highest standards in ebook production and celebrating reading in all its forms. The New York Times bestseller that gives readers a paradigm-shattering new way to think about motivation from the author of *When: The Scientific Secrets of Perfect Timing* Most people believe that the best way to motivate is with rewards like money—the carrot-and-stick approach. That's a mistake, says Daniel H. Pink (author of *To Sell Is Human: The Surprising Truth About Motivating Others*). In this provocative and persuasive new book, he asserts that the secret to high performance and satisfaction—at work, at school, and at home—is the deeply human need to direct our own lives, to learn and create new things, and to do better by ourselves and our world. Drawing on four decades of scientific research on human motivation, Pink exposes the mismatch between what science knows and what business does—and how that affects every aspect of life. He examines the three elements of true motivation—autonomy, mastery, and purpose—and offers smart and surprising techniques for putting these into action in a unique book that will change how we think and transform how we live.

"Character" has become a front-and-center topic in contemporary discourse, but this

term does not have a fixed meaning. Character may be simply defined by what someone does not do, but a more active and thorough definition is necessary, one that addresses certain vital questions. Is character a singular characteristic of an individual, or is it composed of different aspects? Does character--however we define it--exist in degrees, or is it simply something one happens to have? How can character be developed? Can it be learned? Relatedly, can it be taught, and who might be the most effective teacher? What roles are played by family, schools, the media, religion, and the larger culture? This groundbreaking handbook of character strengths and virtues is the first progress report from a prestigious group of researchers who have undertaken the systematic classification and measurement of widely valued positive traits. They approach good character in terms of separate strengths—authenticity, persistence, kindness, gratitude, hope, humor, and so on—each of which exists in degrees. Character Strengths and Virtues classifies twenty-four specific strengths under six broad virtues that consistently emerge across history and culture: wisdom,

---

courage, humanity, justice, temperance, and transcendence. Each strength is thoroughly examined in its own chapter, with special attention to its meaning, explanation, measurement, causes, correlates, consequences, and development across the life span, as well as to strategies for its deliberate cultivation. This book demands the attention of anyone interested in psychology and what it can teach about the good life.

*Character Strengths and Virtues* Macmillan

Plato's *Euthyphro*, *Apology*, and *Crito* portray Socrates' words and deeds during his trial for disbelieving in the Gods of Athens and corrupting the Athenian youth, and constitute a defense of the man Socrates and of his way of life, the philosophic life. The twelve essays in the volume, written by leading classical philosophers, investigate various aspects of these works of Plato, including the significance of Plato's characters, Socrates's revolutionary religious ideas, and the relationship between historical events and Plato's texts. Readers will find their appreciation of Plato's works greatly enriched by these essays.

Of all Plato's dialogues, the *Parmenides* is notoriously the most difficult to interpret. Scholars of all periods have disagreed about its aims and subject matter. The interpretations have ranged from reading the dialogue as an introduction to the whole of Platonic metaphysics to seeing it as a collection of sophisticated tricks, or even as an elaborate joke. This work presents an illuminating new translation of the dialogue together with an extensive introduction and running commentary, giving a unified explanation of the *Parmenides* and integrating it firmly within the context of Plato's metaphysics and methodology. Scolnicov shows that in the *Parmenides* Plato addresses the most serious challenge to his own philosophy: the monism of *Parmenides* and the Eleatics. In addition to providing a serious rebuttal to *Parmenides*, Plato here re-formulates his own theory of forms and participation, arguments that are central to the whole of Platonic thought, and provides these concepts with a rigorous logical and philosophical foundation.

---

In Scolnicov's analysis, the Parmenides emerges as an extension of ideas from Plato's middle dialogues and as an opening to the later dialogues. Scolnicov's analysis is crisp and lucid, offering a persuasive approach to a complicated dialogue. This translation follows the Greek closely, and the commentary affords the Greekless reader a clear understanding of how Scolnicov's interpretation emerges from the text. This volume will provide a valuable introduction and framework for understanding a dialogue that continues to generate lively discussion today.
