Ancient Greek Philosophy | Internet Encyclopedia of Philosophy

In Plato ' s Crito, in which Crito comes to Socrates ' prison cell to persuade Socrates to escape, Socrates wants to know whether escaping would be just, and imminent death does not deter him from seeking an answer to that question. He and Crito first establish that doing wrong willingly is always bad, and this includes returning wrong for ...

Plato ' s Timaeus (Stanford Encyclopedia of Philosophy)

An analogy is a comparison between two objects, or systems of objects, that highlights respects in which they are thought to be similar. Analogical reasoning is any type of thinking that relies upon an analogy. An analogical argument is an explicit representation of a form of analogical reasoning that cites accepted similarities between two systems to support the conclusion that some further ...

In the Timaeus Plato presents an elaborately wrought account of the formation of the universe and an explanation of its impressive order and beauty. The universe, he proposes, is the product of rational, purposive, and beneficent agency. It is the handiwork of a divine Craftsman ("Demiurge," dêmiourgos, 28a6) who, imitating an unchanging and eternal model, imposes mathematical order on a ...
