read for every woman who wants to leverage her power in the workplace. Women make up almost half of today's labor force, but in corporate America they don't share half of the power. Only four of the Fortune 500 company CEOs are women, and it's only been in the last few years that even half of the Fortune 500 companies have more than one female officer. A major reason for this? Most women were never taught how to play the game of business. Throughout her career in the super-competitive, male-dominated media industry, Gail

Evans, one of the country's most powerful executives, has met innumerable women who tell her that they feel lost in the workplace, almost as if they were playing a game without knowing the directions. In this book, she reveals the secrets to the playbook of success and teaches women at all levels of the organization--from assistant to vice president--how to play the game of business to their advantage. Men know the rules because they wrote them, but women often feel shut out of the process because they don't know when to speak up,

when to ask for responsibility, what to say at an interview, and a lot of other key moves that can make or break a career. Sharing with humor and candor her years of lessons from corporate life, Gail Evans gives readers practical tools for making the right decisions at work. Among the rules you will learn are:

- How to Keep Score at Work
- When to Take a Risk
- How to Deal with the Imposter Syndrome
- Ten Vocabulary Words That Mean Different Things to Men and Women
- Why Men Can be Ugly, and You Can't

Trouble has never looked so hot...Sue wants Ethan, and Chris wants Sue. Drawn to Ethan and intrigued by Chris, Susan Miller finds herself caught between identical twin brothers at her school. When both of them start wooing her at the same time, she only has to take her pick. Right? Wrong! Ethan is reluctant to kiss her, and Chris wants her for the completely wrong reasons. Nothing like his obliging and sweet brother, Chris Donovan

has trouble written all over him. He changes girls like other guys change t-shirts, and the next trophy on his little list is Susan. That's the last thing she wants, yet she finds herself responding to all the goodnight texts and other cheeky messages Chris sends. The guy has a way of getting under her skin like no one ever has before. How long will it be until Susan falls for his smooth charm and gets herself into more trouble than she can possibly handle? And where does that

leave Ethan? The Tease: I cleared my throat and called out, "Hey, Chris!" Folding his arms on the backrest of the chair he'd straddled by his friends, he cast me an intrigued and self-assured glance over his shoulder. I didn't give him the time to even think about the word "sweetness" leaving his mouth, but continued, "It takes a little more than a cute smile to get on my good side, and luckily your brother comes equipped with the whole package." I flashed a sardonic grin

that hopefully stung his ego in front of his gang. "You want to freeze hell? Go ahead and try. It'll get you nowhere with me." For a stunned moment, Chris gazed at me. My snappiness had certainly terminated his interest in me. After all, he seemed to be someone after an easy lay and a jolly good time, nothing more. Especially not if that something proved to require serious effort. Right? Wrong. The left side of his mouth tilted up so slowly that a

shudder made it through my entire body before he was done with the smirk. He blinked then ran his tongue along the inside of his bottom lip. The whole class had stilled and all eyes were on him and me now, gazes darting back and forth. With an audience to quote him later, he stated, "Game on, little Sue."
