Answer: In addition to the ITTO questions, PMP® Maths formulas questions are generally considered to be the more difficult questions.. In my PMP® Exam question set, I got around 10 PMP® calculation questions in total (that is around 5% of all the questions). 5% is definitely not a significant number of questions for the PMP® Exam which has 200 questions.

Love it, loathe it, or somewhere in between — you have to know your math for the PMP exam.

Fortunately, none of the arithmetic is very hard, and PMI provides you with a virtual calculator.

Unfortunately, you really need to know the formulas. PMP math questions don't require calculus, just some solid algebra (or memory) skills.
