I've actually taken the course and quite frankly, the author is correct in stating that the exam is more about measuring whether or not the candidate understands the terminology as opposed to whether or not the individual is a proficient project manager. I plan on taking the exam at the end of the year. I will definitely use PMP(R) Questions, Answers and Explanations Updated for 2020-2021 Exam as my "go to" study guide. Thank you for making the information available." - J.L., "This

book was extremely useful and helpful. I feel much more prepared for the exam and I have a good idea of the kinds of questions that I will be asked now. I didn't try to memorize questions and answers, there are too many, but it did give me a great peek at what I need to study." - R.S., About the Author As a certified Project Management Professional and recognized database and infrastructure expert, Darron Clark has over three decades of experience in implementing creative solutions and optimizing system performance for nationally-known organizations. In addition to Darron's technological savvy, he is a skilled teacher, coach, and presenter, and has developed and led numerous training seminars and workshops. Darron has earned degrees and certificates in PMP, EMBA, BSCS, and BSEET.

PMP Exam Prep Ssi Logic * Questions distribution and difficulty comparable to real PMP exam * As an experienced highly rated PMP Exam preparation course instructor and Subject Matter Expert (SME) to the Project Management Body of Knowledge (PMBOK) 5th & 6th Editions, Daud Nasir PMP continues to update the mock PMP tests as well as develop new questions to make these tests as realistic as possible. This third edition of the Kindle book now contains these highly successful simulated online tests. The overwhelming number of PMP candidates, who have used the mock tests, confirm that these tests compare well to the actual exam. These practice tests have boosted the candidates' PMP exam score, and they were able to pass the exam on their first try. Content Details This book has three full-length PMP sample tests (a total of 600 questions) with answers and detailed explanations of why the correct choice is the best answer, and the three incorrect choices

are wrong. Each 200-questions test not only helps you build the stamina for the actual exam but also provides you a much realistic assessment of your preparation. Each explanation provides a complete reference to the PMBOK guide section and page number for further review. About 60% of the questions are scenario based to help you grasp the real-life application. Remaining questions will challenge you to test your understanding of the PMBOK concepts. Almost half of the questions are process flow questions to test how project processes are sequenced and performed. Pmp Exam Prep: Questions, Answers, & Explanations: 1000+ Practice Questions with Detailed Solutions Pearson IT Certification Roughly half of all project managers have to

lead customer projects as profit centers on contractor side with two big objectives: making the customer happy and bringing money home. Customer projects are a high-risk business on both sides, customers and contractors, but the dynamics of this business have so far been mostly ignored in literature. The book is intended to fill this gap. The book helps project managers better understand the dynamics of customer projects under contract from business development through handover and find solutions for common problems. A central aspect is international contract laws, an often underestimated factor in projects.
