First World War Poetry

A&C Black
There can be no area of human experience

that has generated a wider range of powerful feelings than war. The 250 poems included in this acclaimed anthology span centuries of human conflict

from David's lament for Saul and Jonathan, and Homer's Iliad, to the finest poems of the First and Second World Wars, and beyond. Reflecting the feelings of poets as diverse as Byron, Hardy, Owen, Sassoon, and Heaney, they reveal a great shift in social awareness from man's early celebratory 'war-songs'

to the more recent 'anti-war' attitudes of poets responding to 'man's inhumanity to man' - and to women and children. Sing a Song of Poetry Turtleback Books How to Read (and Write About) Poetry invites students and others curious about poetry to join the critical conversation about a genre many find a little mystifying, even intimidating. In an accessible, engaging manner,

this book introduces the productive questions, reading strategies, literary terms, and secondary research tips that will empower readers to participate in literary analysis. Holbrook explicates a number of poems, initiating readers into critical discourse while highlighting key poetic terms. The explications are followed by selections of related works, so the book thus offers what amounts to a brief anthology, ideal for a poetry unit or introductory class

on poetry and poetics. A chapter on meter illuminates the rhythmic dimension of poetry and guides readers through methods of scansion. The second edition is updated throughout and includes a fresh selection of poems and the latest MLA citation guidance. In the Preface to this second edition of her first book, Sandra M. Gilbert addresses the inevitable question: "How can you be a feminist and a Lawrentian?" The answer is intellectually satisfying and historically revealing as she traces an array of early twentieth-century women of letters, some of them proto-feminists, who revered Lawrence despite his countless statements that would today be condemned as "sexist." H.D. regarded him as one of her "initiators" whose words "flamed

alive, blue serpents on the page." Anais Nin insisted that he "had a complete realization of the feelings of women." By focusing on Lawrence's own definition of a poem as an "act of attention," Gilbert demonstrates how he developed the mature style of *Birds, Beasts and Flowers*, his finest collection of poetry. She discusses this volume at length, examines many of his later poems in detail, including the hymns from *The Plumed Serpent*, *Pansies*, *Nettles*, and *More Pansies*, and ends with a close look at *Last Poems*. Her detailed examination provides a clearer image of Lawrence as an artist—an artist whose poetry complements his novels and whose fiction enriches but

does not outshine his poetry.

interviews, exemplary student and scholarly essays, and visual material. Much of the discussion is structured around ways to analyze and respond to a single work, Stephen Crane's story "The Bride Comes to Yellow Sky." This second edition is updated throughout and includes a new

chapter on “Reading and Writing About Poetry”; the chapter uses Robert Kroetsch’s poem “This Part of the Country” as the unit of analysis and includes an interview with the poet about his process.
