A beginner ' s complete guide to keeping bees in top bar hives, and why. What ' s the buzz about the growing popularity of backyard beekeeping? Providing habitat for bees, pollinating your garden, and producing honey

for your family are some of the compelling reasons for taking up this exciting hobby. But conventional beekeeping requires a significant investment and has a steep learning curve. The alternative? Consider beekeeping outside the box. The Thinking Beekeeper is the definitive do-it-yourself guide to natural beekeeping in top bar hives. Based on the concept of understanding and working with bees ' natural systems as opposed to trying to subvert them, the advantages of this approach

include:

- Simplicity, sustainability, and cost-effectiveness
- Increased safety due to less heavy lifting and hive manipulation
- Chemical-free colonies and healthy hives

Top bar hives can be located anywhere bees have access to forage, and they make ideal urban hives. Emphasizing the intimate connection between our food systems, bees, and the well-being of the planet, The Thinking Beekeeper will appeal to the new breed of beekeeper who is less focused on maximizing honey yield,

and more on ensuring the viability of the bee population now and in the coming years. Mother Earth News Books for Wiser Living Recommendation “ You ’ ll find information you need here that ’ s not available anywhere else. Both you and your bees will benefit from Christy ’ s approach, advice, and philosophy. ” —Kim Flottum, editor, Bee Culture Magazine “ A unique and exceptional resource for the beginning beekeeper. ” —Marty Hardison, top bar beekeeper, educator and

and Guide Flatiron Books NEW YORK TIMES BESTSELLER The complete, uncensored history of the award-winning The Daily Show with Jon Stewart, as told by its correspondents, writers, and host. For almost seventeen years, The Daily Show with Jon Stewart brilliantly redefined the borders between television comedy, political satire, and opinionated news coverage. It launched the careers of some of today's most significant comedians, highlighted the hypocrisies of the powerful, and garnered 23 Emmys. Now the show's behind-the-scenes gags,

controversies, and camaraderie will be chronicled by the players themselves, from legendary host Jon Stewart to the star cast members and writers-including Samantha Bee, Stephen Colbert, John Oliver, and Steve Carell - plus some of The Daily Show's most prominent guests and adversaries: John and Cindy McCain, Glenn Beck, Tucker Carlson, and many more. This oral history takes the reader behind the curtain for all the show's highlights, from its origins as Comedy Central's underdog late-night program to Trevor Noah's succession, rising from a scrappy jester in the 24-hour

political news cycle to become part of the beating heart of politics-a trusted source for not only comedy but also commentary, with a reputation for calling bullshit and an ability to effect real change in the world. Through years of incisive election coverage, passionate debates with President Obama and Hillary Clinton, feuds with Bill O'Reilly and Fox, and provocative takes on Wall Street and racism, The Daily Show has been a cultural touchstone. Now, for the first time, the people behind the show's seminal moments come together to share their memories of the last-

minute rewrites, improvisations, pranks, romances, blow-ups, and moments of Zen both on and off the set of one of America's most groundbreaking shows.
