The spring 2013 edition of the Wisconsin ATV - UTV Association's print publication, Trail Tales.

Polaris Sportsman 400, 450 & 500 1996-2013 Manual Houghton Mifflin Harcourt

Canada is in a new era. For 35 years, the country has become vastly wealthier, but most people have not. For the top 1%, and even more for the top 0.1%, the last 35 years have been a bonanza.

Canadians know very well that there's a huge problem. It's expressed in resistance to tax increases, concerns over unaffordable housing, demands for

higher minimum wages, and pressure for action on the lack of good full time jobs for new graduates. This book documents the dramatic and rapid growth in inequality. It identifies the causes. And it proposes meaningful steps to halt and reverse this dangerous trend. Lars Osberg looks separately at the top, middle and bottom of Canadian incomes. He provides new data which will surprise, even shock, many readers. He explains how trade deals have contributed to putting a lid on incomes for workers. The gradual decline of unions in the private sector has also been a factor. On the other end of the scale, he explains the growing high salaries for corporate executives, managers, and some

fortunate professionals. Lars Osberg believes that increasing inequality is bad for the country, and its unfairness is toxic to public life. But there is nothing inevitable about this, and he points to innovative measures that would produce a fairer distribution of wealth among all Canadians.

Can we learn socially and academically valuable concepts and skills from video games? How can we best teach the "gamer generation"? This accessible book describes how educators and curriculum designers can harness the

---

participatory nature of digital media and play. The author presents a comprehensive model of games and learning that integrates analysis of games, game culture, and educational game design. Building on more than 10 years of research, Kurt Squire tells the story of the emerging field of immersive, digitally mediated learning environments (or games) and outlines the future of education.

With this masterful work, Louis A. Perez Jr. transforms the way we view Cuba and its relationship with the United States. On *Becoming Cuban* is a sweeping cultural history of the sustained encounter between the peoples of the two countries and of the ways that this encounter helped shape

Cubans' identity, nationality, and sense of modernity from the early 1850s until the revolution of 1959. Using an enormous range of Cuban and U.S. sources--from archival records and oral interviews to popular magazines, novels, and motion pictures--Perez reveals a powerful web of everyday, bilateral connections between the United States and Cuba and shows how U.S. cultural forms had a critical influence on the development of Cubans' sense of themselves as a people and as a nation. He also articulates the cultural context for the revolution that erupted

---

in Cuba in 1959. In the middle of the twentieth century, Perez argues, when economic hard times and political crises combined to make Cubans painfully aware that their American-influenced expectations of prosperity and modernity would not be realized, the stage was set for revolution.

The Datha vansa, Or, The History of the Tooth-relic of Gotama Buddha Haynes Manuals N. America, Incorporated  
Haynes has discovered all the problems that motorcycle owners could

possibly encounter when rebuilding or repairing their bikes. Documenting the most common DIY fixes with hundreds of illustrations and step-by-step instructions, this compendium of repair, modification and troubleshooting advice is applicable to all domestic and import marques.

Yamaha Grizzly 660 2002-2008 Independently Published  
"PC Complete" appeals to mass-market, beginning-to-intermediate users who want information on a broad

range of topics. It is especially helpful for new computer owners who want help to get up and running with their home or office computer, Windows, and Internet browsers. Handy DOS and Windows command reference are included as appendices.

brings together over thirty leading scholars from a variety of disciplines such as political science, international relations theory, sociology, theology, anthropology, and geography. Utilising case studies, empirical investigations, and theoretical examinations, this book focuses on the complex roles that religions play in world affairs. It seeks to move beyond the simplistic narratives and overly impassioned polemics which swamp the discourse on the subject in the media, on the

internet, and in popular nonfiction, by acting as a vessel for scholarly research on religion. The book presents a balanced analysis of the multifaceted roles taken on by religions, and religious actors, in global politics. Contributors: Stephen Dawson, Jodok Troy, Gertjan Dijkink, John A. Rees, Mark S. Cladis, Fabio Petito, Linda Woodhead, Jonathan Fox, Brendan Sweetman, Don Handelman, Scott W. Hibbard, Ruy Llera Blanes, Fang-long Shih, Kaarina

Feel like somebody hit the  
brakes on your Diesel  
Brothers cravings? Discover  
how you can keep the gas  
going with this rip-roaring  
ride behind the scenes of  
Discovery Channel's popular  
series Diesel Brothers. In the  
world of monster trucks, no  
one builds bigger and more  
extreme rides—and has  
more fun in the

---

process—than Heavy D, Diesel Dave, and their crew at DieselSellerz. Their larger-than-life creations and awesome truck giveaways are legendary, but for those less fortunate who haven't had the opportunity to experience a Bros' souped-up truck, this thrill-ride of a book is the next best thing. Learn the epic and inspirational stories behind Heavy D and Diesel Dave's business and personal lives, from the guys' first meeting, to their early adventures building DieselSellerz, to their successful business venture with Redbeard, Muscle, and the rest of the fearless staff. In addition to learning about the Bros' two-year Mormon missions, humble beginnings, and world travels, you'll also get the unforgettable details of their hilarious, most well-known pranks, and the remarkable stories behind the personalities that have made Diesel Brothers one of the fastest growing and most popular reality TV shows. But wait—there's more! The book is chock full of essential advice for anyone who'd like to get in on the action. Whether you're a die-hard monster truck fan or just looking for inspiration to upgrade that piece of junk in your garage, Heavy D and his crew are here to show you how it's done. You'll learn how to find the best bargain in the junkyard, how to play hardball with tough-talking dealers, and how to turn that sad sack heap of parts into a badass diesel vehicle. What are you waiting for? Get out there and let diesel freedom ring!

UNC Press Books

The summer 2013 edition of  
WATVA Trail Tales.

Polaris Hassell Street Press

With the 1998 debut of its V92C,  
Victory Motorcycles became the  
New American Motorcycle.

Victory's innovative, stylish  
heavyweight cruiser motorcycles  
attracted a loyal, hard-riding  
following, but not the market  
share needed to survive. This  
richly illustrated book covers the  
brand's history model-by-model  
and analyzes why the parent  
company announced in early  
2017 that its Victory division  
would cease operation. This book  
also features a full reprint of the  
collectible first Victory history  
from 1998, The Victory

Motorcycle.

The World's Best

"An introduction to  
engineering mechanics that  
offers carefully balanced,  
authoritative coverage of  
statics. The authors use a  
Strategy-Solution-Discussion  
method for problem solving  
that explains how to  
approach problems, solve  
them, and critically judge the  
results. The book stresses the  
importance of visual analysis,  
especially the use of free-

body diagrams. Incisive  
applications place  
engineering mechanics in the  
context of practice with  
examples from many fields of  
engineering." (Midwest).
