5 Years Out By: Meredith F. Perkins, Ph.D  
5 Years Out is a schematic vision of Merredith Perkins' past as it is connected fervently to her future. Abridging a lifetime within this milestone, she's dealt with pain that'd been the catalyst for her writing, writing as her way to power forward. As she thought of it, when her birth and death dates are pieced together in an etching as in the coming together of the puzzle pieces of her legacy, she'd hope that the dash in between those dates would be representative of her well-lived life. This book captures the essence of her journey of healing, her memorialized milestone moment that she encourages readers to ponder pertinent to their own journeys. We all recognize milestones. We know those moments in our lives when some transition or rite of passage occurred and those events transitioned us from one station in life to another. Unforgettable moments, moments that stuck with Merredith invariably in her memories are vivid. She drew upon those unforgettable moments to tell some of the most heart-warming, extraordinary stories, which you, the reader, will be able to relate. This book is about love and transitioning and thriving. As you read, you'll see yourself among the pages.
