This story is important." —Kirkus (starred review) "Heartbreakingly topical." —Publishers Weekly (starred review) "A marvel of verisimilitude." —Booklist (starred review) "A powerful, in-your-face novel." —Horn Book (starred review) Sixteen-year-old Starr Carter moves between two worlds: the poor neighborhood where she lives and the fancy suburban prep school she attends. The uneasy balance between these worlds is shattered when Starr witnesses the fatal shooting of her childhood best friend Khalil at the hands of a police officer. Khalil was unarmed. Soon afterward, his death is a national headline. Some are calling him a thug, maybe even a drug dealer and a gangbanger. Protesters are taking to the streets in Khalil's name. Some cops and the local drug lord try to intimidate Starr and her family. What everyone wants to know is: what really went down that night? And the only person alive who can answer that is Starr. But what Starr does—or does not—say could upend her community. It could also endanger her life. Want more of Garden Heights? Catch *Maverick and Seven's* story in *Concrete Rose*, Angie Thomas's powerful prequel to *The Hate U Give*.

The Functions of the Police in Modern Society Human Kinetics Publishers

This intelligence guide was prepared in response to requests from law enforcement executives for guidance in intelligence functions in a post-September 11 world. It will help law enforcement agencies develop or enhance their intelligence capacity and enable them to fight terrorism and other crimes while preserving community policing relationships. The world of law enforcement intelligence has changed dramatically since September 11, 2001. State, local, and tribal law enforcement agencies have been tasked with a variety of new responsibilities; intelligence is just one. In addition, the intelligence discipline has evolved significantly in recent years. As these various trends have merged, increasing numbers of American law enforcement agencies have begun to explore, and sometimes embrace, the intelligence function. This guide is intended to help them in this process. The guide is directed primarily toward state, local, and tribal law enforcement agencies of all sizes that need to develop or reinvigorate their intelligence function. Rather than being a manual to teach a person how to be an intelligence analyst, it is directed toward that manager, supervisor, or officer who is assigned to create an intelligence function. It is intended to provide ideas, definitions, concepts, policies, and resources. It is a primera place to start on a new managerial journey. Every law enforcement agency in the United States, regardless of agency size, must have the capacity to understand the implications of information collection, analysis, and intelligence sharing. Each agency must have an organized mechanism to receive and manage intelligence as well as a mechanism to report and share critical information with other law enforcement agencies. In addition, it is essential that law enforcement agencies develop lines of communication and information-sharing protocols with the private sector,

particularly those related to the critical infrastructure, as well as with those private entities that are potential targets of terrorists and criminal enterprises. Not every agency has the staff or resources to create a formal intelligence unit, nor is it necessary in smaller agencies. This document will provide common language and processes to develop and employ an intelligence capacity in SLTLE agencies across the United States as well as articulate a uniform understanding of concepts, issues, and terminology for law enforcement intelligence (LEI). While terrorism issues are currently most pervasive in the current discussion of LEI, the principles of intelligence discussed in this document apply beyond terrorism and include organized crime and entrepreneurial crime of all forms. Drug trafficking and the associated crime of money laundering, for example, continue to be a significant challenge for law enforcement. Transnational computer crime, particularly Internet fraud, identity theft cartels, and global black marketeering of stolen and counterfeit goods, are entrepreneurial crime problems that are increasingly being relegated to SLTLE agencies to investigate simply because of the volume of criminal incidents. Similarly, local law enforcement is being increasingly drawn into human trafficking and illegal immigration enterprises and the often associated crimes related to counterfeiting of official documents, such as passports, visas, driver's licenses, Social Security cards, and credit cards. All require an intelligence capacity for SLTLE, as does the continuation of historical organized crime activities such as auto theft, cargo theft, and virtually any other scheme that can produce profit for an organized criminal entity. To be effective, the law enforcement community must interpret intelligence-related language in a consistent manner. In addition, common standards, policies, and practices will help expedite intelligence sharing while at the same time protecting the privacy of citizens and preserving hard-won community policing relationships.~

NEW YORK TIMES BESTSELLER • ECPA BESTSELLER • “ When it comes to the intersection of race, privilege, justice, and the church, Tasha is without question my best teacher. Be the Bridge is THE tool I wish to put in every set of hands. ” —Jen Hatmaker WINNER OF THE CHRISTIAN BOOK AWARD® • Winner of the Christianity Today Book Award • A leading advocate for racial reconciliation calls Christians to move toward deeper understanding in the midst of a divisive culture. In an era where we seem to be increasingly divided along racial lines, many are hesitant to step into the gap, fearful of saying or doing the wrong thing. At times the silence, particularly within the church, seems deafening. But change begins with an honest conversation among a group of Christians willing to give a voice to unspoken hurts, hidden fears, and mounting tensions. These ongoing dialogues have formed the foundation of a global movement called Be the Bridge—a nonprofit organization whose goal is to equip the church to have a distinctive and transformative response to racism and racial division. In this perspective-shifting book, founder Latasha Morrison shows how you can participate in this incredible work and replicate it in your own community. With conviction and grace, she examines the historical complexities of racism. She expertly applies biblical principles, such as lamentation, confession, and forgiveness, to lay the framework for restoration. Along with prayers, discussion questions, and other resources to enhance group engagement, Be the Bridge presents a compelling vision of what it means for every follower of Jesus to become a bridge builder—committed to pursuing justice and racial unity in light of the gospel.
