Updated in its 10th edition, *International Relations* is praised for being the most current and comprehensive introduction to international relations theory as well as security, economic, and global issues. Thoroughly updated to cover world affairs through 2012, this survey text explores relations among states and the influence of transnational actors and events. Applying a broad range of theoretical perspectives to show readers how to analyze current events, *International Relations* offers the best tools for understanding what is happening in the world today.

### Politics and Administration Pearson

Explore the Fundamentals of Political Science REVEL for "Political Science: An Introduction" shows students how the fundamental tenets of political science have helped important leaders make critical decisions for centuries. The authors present a balance of theoretical abstractions and applied reasoning to help students understand how to make calm, rational choices when it comes to political manipulation. REVEL for the Fourteenth Edition asks students to explore the controversial topic of exported democracy, and whether certain countries are ready and equipped to apply our form of government. By examining issues such as the Iraq war and the difficulty of adapting our own democracy in the U.S., REVEL for "Political Science" prompts students to form their own opinions about democracy and political science. Geared toward those learning about the topic for the first time, the authors encourage students to consider different paradigms, viewpoints, and theories when developing their own political views. REVEL is Pearson's newest way of delivering our respected content. Fully digital and highly engaging, REVEL replaces the textbook and gives students everything they

need for the course. Informed by extensive research on how people read, think, and learn, REVEL is an interactive learning environment that enables students to read, practice, and study in one continuous experience for less than the cost of a traditional textbook. NOTE: REVEL is a fully digital delivery of Pearson content. This ISBN is for the standalone REVEL access card. In addition to this access card, you will need a course invite link, provided by your instructor, to register for and use REVEL."

### Power & Choice: An Introduction to Political Science Routledge

How politics in America works today, how it got that way, and how it's likely to change through reform—these are the themes that pervade every chapter of Cal Jillson's highly lauded *American Government: Political Development and Institutional Change*. Even in the midst of current challenges, America's past is present in all aspects of the contemporary political system. Jillson uses political development and the dynamics of change as a thematic tool to help students understand how politics works now—and how institutions, participation, and policies have evolved over time to produce the contemporary political environment. In addition, Jillson helps students think critically about how American democracy might evolve further, focusing in every chapter on reform and further change. New to the 11th Edition Provides a broad assessment of the Trump presidency, of the impact on the Supreme Court of Associate Justice Neil Gorsuch's and Brett Kavanaugh's appointments, and of the remarkable 2018 and 2020 election cycles Describes numerous ways in which the American political system has been impacted by the Covid-19 pandemic, the economic struggles caused by it, and the social protests in which the Black Lives Matter movement has played such a visible role Assesses the implication of "fake news" for our politics, both

as it exists in fact and as it is used as a political cudgel Details the impact that President Trump's "America First" policies have had on the National Security Strategy of the United States and the U.S. place in the post-World War II international order Updates all data in tables and figures through the 2020 elections and includes many new photos and chapter opening vignettes Includes new and revised special features among The Constitution Today, Pro/Con, and Let's Compare boxes.

At the end of the twentieth century, many believed the story of European political development had come to an end. Modern democracy began in Europe, but for hundreds of years it competed with various forms of dictatorship. Now, though, the entire continent was in the democratic camp for the first time in history. But within a decade, this story had already begun to unravel. Some of the continent's newer democracies slid back towards dictatorship, while citizens in many of its older democracies began questioning democracy's functioning and even its legitimacy. And of course it is not merely in Europe where democracy is under siege. Across the globe the immense optimism accompanying the post-Cold War democratic wave has been replaced by pessimism. Many new democracies in Latin America, Africa, and Asia began "backsliding," while the Arab Spring quickly turned into the Arab winter. The victory of Donald Trump led many to wonder if it represented a threat to the future of liberal democracy in the United States. Indeed, it is increasingly common today for leaders, intellectuals, commentators and others to claim that rather than democracy, some form dictatorship or illiberal democracy is the wave of the future. In *Democracy and Dictatorship in Europe*, Sheri Berman traces the long history of democracy in its cradle, Europe. She explains that in fact, just about every democratic wave in Europe initially failed, either collapsing in upon itself or succumbing to the forces of reaction. Yet even when democratic waves failed, there were

always some achievements that lasted. Even the most virulently reactionary regimes could not suppress every element of democratic progress. Panoramic in scope, Berman takes readers through two centuries of turmoil: revolution, fascism, civil war, and - -finally -- the emergence of liberal democratic Europe in the postwar era. A magisterial retelling of modern European political history, *Democracy and Dictatorship in Europe* not only explains how democracy actually develops, but how we should interpret the current wave of illiberalism sweeping Europe and the rest of the world.

Sino-American Relations Oxford University Press

Why does the American political system work the way it does? After observing the strains of intense partisanship and divided government, many Americans are wondering what logic, if any, can be found in politics. With both sides of the political spectrum being so different from one another and the scales often tipping in the favor of the opposing party by a fraction of a percentage point, how can anyone work the system to their advantage? With fresh analysis of the 2022 midterm election results, the Eleventh Edition of bestselling textbook *The Logic of American Politics* provides students with the tools they need to make sense of our government today. Weaving together historical context, contemporary politics, and a "toolkit" of institutional design concepts, the authors build an understanding of political institutions and practices as imperfect solutions to collective action problems. Public Administration CQ Press

In this fourth edition Neal Riemer and Douglas W. Simon again seek to introduce students to the challenging discipline of political science by highlighting six cardinal features. The editors strongly believe that their unique and comprehensive approach, employing those six features, can best equip students of political science to stay abreast of the ever-changing, and ever-challenging, world of politics. First and most important Riemer and Simon affirm the importance of addressing the three main concerns of political science: political and philosophy and ethics, empirical/behavioral political science, and public policy. Second, the authors reaffirm their

normative preference for politics as a civilizing enterprise, one that enables people in the political community live better, to grow robustly in mind and spirit, and to find creative fulfillment. The fourth cardinal feature requires to recognize realistically the ever-changing nature of politics and the tasks of assessing and responding to changing values. The sixth cardinal feature of *The New World of Politics* is understanding the importance of keeping the future in mind--not only the immediate future, but the long-range future. This book seeks to introduce students to political science as a discipline intimately involved with ethics, empirical social scientific inquiry, and public policy. Neal Riemer and Douglas W. Simon are endeavoring to help students respond to those future problems with understanding and wisdom. A Collegiate Press book

Inclusion PHI Learning Pvt. Ltd.

Indian party politics, commonly viewed as chaotic, clientelistic, and corrupt, is nevertheless a model for deepening democracy and accommodating diversity. Historically, though, observers have argued that Indian politics is non-ideological in nature. In contrast, Pradeep Chhibber and Rahul Verma contend that the Western European paradigm of "ideology" is not applicable to many contemporary multiethnic countries. In these more diverse states, the most important ideological debates center on statism—the extent to which the state should dominate and regulate society—and recognition—whether and how the state should accommodate various marginalized groups and protect minority rights from majorities. Using survey data from the Indian National Election Studies and evidence from the Constituent Assembly debates, they show how education, the media, and religious practice transmit the competing ideas that lie at the heart of ideological debates in India.

The authors interviewed over 5,000 citizens in Germany, Italy, Mexico, Great Britain, and the U.S. to learn political attitudes in modern democratic states. Originally published in 1963. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

Revel for Political Science Oxford University Press

Updated in its 12th edition, "Countries and Concepts" systematically examines politics from around the world and presents eleven accessible and in-depth studies of Britain, France, Germany, Japan, Russia, China, India, Mexico, Brazil, Nigeria, and Iran. This text looks at similarities and differences in five key areas of each country to facilitate comparative analysis, defining important concepts and integrating examples from current events throughout. Highly readable and thought-provoking, "Countries and Concepts" introduces readers to the politics and governments of the world and bolsters their civic education by considering the historical, political, economic, geographical, and moral aspects of democracy.

*Democracy and Dictatorship in Europe* McGraw-Hill  
Humanities/Social Sciences/Languages

Intended as a text for the postgraduate students of political science, this well-researched book attempts to track the evolution of political ideas in the recent past and their background. It brings out the contemporary epistemological and methodological debates within the discipline and social sciences as a whole, and incorporates the latest developments in the field. Divided into forty chapters under eleven parts, the book deals with the core concepts and debates in political theory, and focuses on the state-society interactions. It tries to explain how the states, societies and cultures have responded to the emerging challenges thrown up by the social, economic and political factors, and the direction of the response. It also dwells on the impact of globalisation on current trends. Finally, the book analyses the ideas of modern Indian thinkers such as V.D. Savarkar, Jawaharlal Nehru, Ram Manohar Lohia, B.R. Ambedkar and Jayaprakash Narayan. Besides the postgraduate students of political science, the book would

also be useful to the aspirants of civil services examinations and the initiated readers.

IR PHI Learning Pvt. Ltd.

Politics cannot grow in isolation; at the same time society learns from the changing ethos of polity. A relatively young subject, Political Sociology tries to seek research excellence, in its process of evolution. This book on Political Sociology deals with different variables of society which influence various facets of political dynamics. It also analyzes attitude and behavioural pattern of the public who act as political actors. As a branch of political science, the book draws attention to the very nature of this inter-disciplinary study. All the chapters are conceptualized to strengthen the bond between the polity and the society and vice-versa. This book is an attempt to widen the frontier of political science with an empirical approach. Intended for the undergraduate and postgraduate students of Political Science and Sociology, the book will enrich the students indulged in research works and those who are preparing for the Civil Services examinations as well.

Political Science Routledge

Political science has changed; the way students learn has changed; so too should the way it 's taught. This is political science, today. Political Science Today by Wendy Whitman Cobb gives you a holistic view of the subfields that make up political science by dedicating one chapter to each of the topics at the core of the discipline. Unlike denser texts on the market, Political Science Today uses a field-based approach that allows you to engage with the material directly and dig into each of the discipline 's diverse subfields while also developing critical thinking skills, discerning the differences between politics and political science, conducting and consuming research, and broadening your future career aspirations. The book 's innovative table of contents begins with foundational tools like theories and research methods, then builds up to subfield chapters on Comparative Politics, International Relations, American Government, Political Economy, and Public Policy and Administration. Current case studies throughout the text provide a backdrop for engaging classroom discussions on topics such as President Trump 's travel ban, ISIS as a state, and strengths and weaknesses of the United Nations. This unique approach provides short segments of topic coverage, plenty of summarizing content and review questions, as well as comprehensive learning objectives which will help you understand the realities of political science today.

CONTEMPORARY POLITICAL THEORY Pearson Higher Ed

Marc Holzer and Richard W. Schweser have written a fresh and highly engaging textbook for the introductory course in Public Administration. Their coverage is both comprehensive and cutting-edge, including not only all the basic topics (OT, budgeting, HRM), but also reflecting new realities in public administration: innovations

in e-government, the importance of new technology, changes in intergovernmental relations, especially the emphasis on inter-local and shared regional resources, and public performance and accountability initiatives. Public Administration has been crafted with student appeal in mind. Each of the book 's chapters is generously illustrated with cartoons, quotes, and artwork—all reinforcing the book 's theme that the field of public administration is rooted in the cultural and political world. Each chapter is also supported with a listing of key terms, exercises, and additional resources. The textbook is supported by one of the most comprehensive and easy-to-use instructors' manuals of any introductory text on the market today. It contains full lesson plans with activities to accommodate a broad range of teaching and learning styles for each chapter, PowerPoint decks for each chapter (with visuals and links embedded), 8 new long-term project / student presentation ideas, an updated 'Quotes and Notables' section with biographical information and media links for each chapter, updated test questions with answer keys, and updated terms and definitions for each chapter.

The Civic Culture Pearson
