SurroundBar 5000 - Polk Audio

I have a polk surroundbar 4000.

I've had it for about 2.5 months

now and all of a sudden I'm

having problems with my

subwoofer. Last night it was

cutting in and out (green light

on back) and making thumping

noises. Today it won't connect

at all, regardless if it is on

channel 1 through 4.

Polk Audio

The SurroundBar 4000 creates the exciting sound Polk Audio bars are known for: a rich, full enveloping sound with a wide stage. The SurroundBar 4000 IHT is the step up from our SurroundBar 3000 IHT because it comes with Dolby Digital, so you have even more connectivity for today's surround-encoded programming.
