DISCIPLE IV UNDER THE TREE OF LIFE is the final study in the four-phase DISCIPLE program and is prepared for those who have completed BECOMING DISCIPLES THROUGH BIBLE STUDY. The study concentrates on the Writings (Old Testament books not in the Torah or the Prophets), the Gospel of John, and Revelation. Emphasis on the Psalms as Israel's hymnbook and prayer book leads natural to an emphasis on worship in the study. Present through the entire study is the sense of living toward completion - toward the climax of the message and the promise, extravagantly pictured in Revelation. The image of the tree and the color gold emphasize the prod and promise in the Scriptures for DISCIPLE IV: UNDER THE TREE OF LIFE. The word under in the title is meant to convey invitation, welcome, sheltering, security, and rest - home at last. Commitment and Time Involved 32 week study Three and one

half to four hours of independent study each week (40 minutes daily for leaders and 30 minutes daily for group members) in preparation for weekly group meetings. Attendance at weekly 2.5 hour meetings. DVD Set Four of the five videos in this set contain video segments of approximately ten minutes each that serve as the starting point for discussion in weekly study sessions. The fifth video is the unique component that guides an interactive worship experience of the book of Revelation. Under the Tree of Life Scriptures lend themselves to videos with spoken word, art, dance, music, and drama. Set decorations differs from segment to segment depending on the related Scripture and its time period. Set decoration for video segments related to the Writings generally has a Persian theme. Set decoration for the New Testament video segments emphasizes the simpler life of New Testament times.

On the long roads of Deverry ride two mercenaries whose fates like hidden deep in that of their own land. But Lord Rhodry, exiled from the dragon court of Aberwyn, has yet to discover his true parentage, and his swordmaster-lover, Jill, has barely glimpsed her awesome powers. Meanwhile, the ancient sorcerer Nevyn, held back by his vows from boldly intervening in their lives, can only watch and wait as Rhodry and Jill move ever closer to danger. For as the two struggle to recover the Great Stone, the mystic jewel that guides the conscience of the kingship of Deverry, malevolent dark masters are weaving terrifying spells against them--and displacing messengers of death. Katharine Kerr has extensively rewritten *Darkspell*, incorporating major changes in the text, making this her definitive edition. Here the epic saga that began with the *Daggerspell* continues--a tale of might and magic, lust and glory, dark danger and poignant desires that echo from Deverry's sapphire waters to its secret mountain caverns. It's a spellbinding story destined to please fantasy lovers everywhere.

Robot believers at the far end of the galaxy endeavor to create a true religion, but their efforts could be shattered by a shocking revelation Far in the future, on the remote planet End of Nothing, sentient robots are engaged in a remarkable enterprise. They call their project Vatican-17: an endeavor to create a truly universal religion presided over by a pope, whose extreme godliness and infallible artificial intelligence are fed by telepathic human Listeners who psychically delve into the mysteries of the universe. But the great and holy mission could be compromised by one shocking revelation that threatens to inspire serious crises of faith among the spiritual, truth-seeking robotic acolytes while tearing them into warring religious factions. For the Listener Mary is claiming that she has just discovered Heaven. There are those among the Clifford D. Simak faithful who consider Project Pope his masterpiece. But whether the crowning literary achievement of a multiple Hugo and Nebula Award – winning science fiction Grand Master or merely another brilliant novel of speculative fiction to stand among his many, Simak's breathtaking search for God in the machine ingeniously blends science and spirituality in a truly miraculous way that few science fiction writers, if any, have been able to accomplish.

At first glance, one might compare the young Chinese photographer Yang Yong to Nan Goldin or Larry Clark, for he, too creates sexy/abject pictures of marginal urban youth. However, when one examines Yang Yong's work more closely, one connects it with its larger context, the "model" city of Shenzhen. In this light, Yang Yong's work can be seen as a kind of photo-roman that exposes the specific state of being that is shared by his generation, who have immigrated from all over China to reinvent themselves in this artificially created "Special Economic Zone" that is supposed to be a testing ground for China's new urbanization and modernization. Yang Yong is a sensitive and accurate observer of his generation, though his work is by no means documentary: The scenes he depicts are all directed and set up by the artist himself. Perhaps this is why Yang Yong's work always radiates a certain cinematic flair.

An introductory guide to the formulation of trading and investment strategy in interest rate markets Fundamental Fixed Income Strategies arms students and practitioners with a thorough understanding of how fixed income markets operate in practice, taking a rigorous approach to the pricing and trading of interest rate instruments within a larger macroeconomic framework. The book begins by considering the supply and demand of credit before examining how central banks set short-term interest rates. It then examines the pricing of money market and derivative instruments and how to use them to implement a preferred strategy. It outlines the empirical behaviour of the yield curve through the business cycle and provides a rigorous treatment of the implementation of strategies in the bond and derivatives markets. Finally, the book outlines a framework for formulating strategy in the corporate bond and credit derivatives markets.

Throughout, readers will find examples of spreadsheets and calculators, as well as examples of strategies commonly employed by practitioners. Presents a thorough introduction to fixed income/interest rate markets for traders, asset managers, hedge funds, and institutional investors Written by one of the leading bond strategists in the industry Intended to bridge the gap between finance and economic texts, analysing trading and hedging strategies through a broad macroeconomic framework
