Soundpoint IP 650 phone - Speed dial key issue - Polycom

The SoundPoint IP 650 user guide only says that "you may hear a call waiting tone" (pg 56). I have been having problems with missing calls while I'm on another call... since there's no tone to alert me that there's an incoming call, if I'm looking at something on the computer or my gaze is elsewhere away from the phone, I don't see the phone screen lighting up with the incoming caller.
