Of the three, the Sunset book was clearly the most useful in helping us to decide where to put the pool, how to build it, which options to choose, and how to landscape it. My least favorite book, Pool Idea Book by Tauton, had more photos of pools but less instruction. I also recommend Pools & Spas by David Short.

These photos cover steel wall pools, polymer (plastic) wall pools, vinyl liner inground pools, and gunite (plaster/cement) pools. We'll give you a brief description of each photo to explain each stage of pool construction. This should give you a better idea of the construction process when buying a pool.
