The Seven Best Books on or by
Karl Popper - The Daily Idea
Sir Karl Raimund Popper CH
FBA FRS (28 July 1902 – 17
September 1994) was an
Austrian-British philosopher,

academic and social commentator.. One of the 20th century's most influential philosophers of science, Popper is known for his rejection of the classical inductivist views on the scientific method in favour of empirical falsification. According to Popper, a theory in the empirical ...

criticisms of Plato and Marx
Popper Selections by Karl Popper - Goodreads
Popper has relentlessly challenged both the authority and the appeal to authority of the most fashionable philosophies of our time. This book of selections from his nontechnical writings on the theory of knowledge, the philosophy of science, metaphysics, and social philosophy is imbued with his emphasis on the role and by reason in exposing and ...
Popper Selections book by Karl Popper - ThriftBooks

"The introduction is an excellent short summary of Popper's ideas, and the selections themselves are exciting and representative of Popper's wide range of accomplishments."—Burleigh Wilkins, University of California, Santa Barbara. From the Publisher
