Philosophy Questions - Finding Karl Popper Boring
Collected in David Miller (ed.) Popper Selections (1985), 126-127. Science quotes on: ... To turn Karl [Popper]'s view on its head, it is precisely the abandonment of critical discourse that marks the transition of science. Once a field has made the transition, critical discourse recurs only at moments of crisis when the bases of the field are ...

Popper Selections-Karl R. Popper 1985 These excerpts from the writings of Sir Karl Popper are an outstanding introduction to one of the most controversial of living philosophers, known especially for his devastating criticisms of Plato and Marx

Popper Selections by Karl Raimund Popper | LibraryThing

A very good selection of Karl Popper's voluminous writings by his research assistant David Miller who also provides a good introduction to Popperian philosophy. The first two sections on the theory of knowledge and the philosophy of

science are the best.

Popper Selections by Karl Popper - Goodreads

Popper has relentlessly challenged both the authority and the appeal to authority of the most fashionable philosophies of our time. This book of selections from his nontechnical writings on the theory of knowledge, the philosophy of science, metaphysics, and social philosophy is imbued with his emphasis on the role and by reason in exposing and ...

Popper Selections / Edition 1 by Karl R. Popper ...

This book presents a great selection of Popper's writings, a real a crash course on the thinking of one of the greatest philosophers of science of the 20th century. The book also presents his work regarding social and political philosophy.

Amazon.com: Customer reviews: Popper Selections

Sir Karl Raimund Popper CH FBA FRS (28 July 1902 – 17 September 1994) was an Austrian-British philosopher, academic and social commentator.. One of the 20th century's most influential philosophers of science, Popper is known for his rejection of the classical inductivist views on the scientific method in favour of empirical falsification. According to Popper, a theory in the empirical ...
