Classic Speedsters: The Cars, The Times, and The Characters Who Drove Them chronicles the most significant vehicles ever to have traveled American roads and racetracks. Speedsters were the pizzazz cars of their era. Speedsters were owned by entertainers, captains of industry, the wealthy, and in some cases, the everyday guy or gal. They were often expensive, but always fast and sexy. Speedsters were America's first sports cars. Each chapter frames the birth and evolution of a company that produced a speedster model in its lineup and includes a biography of a famous owner of the period. This book traces the journey of the speedster concept across several time periods and among twelve automotive companies. It answers three fundamental questions: - Why were these cars so important and influential? - Why did so many prominent people own them? - What message do they have for modern design?

Unbekannte Preziosen Wenn Autofirmen Studien und Prototypen zeigen, erlauben sie damit einen Blick hinter den Vorhang, eine Vision von dem, was kommt oder kommen könnte. Neben dem, was bei offiziellen Terminen und auf Messen gezeigt wird, gibt es aber eine überwältigende Menge von Entwürfen und Modellen, die der Öffentlichkeit aus verschiedensten Gründen verborgen bleiben. In diesem Buch wird das unmögliche möglich: ein Blick auf noch nie gesehene Porsche - Porsche Unseen. Stefan Bogner durfte exklusiv im Allerheiligsten des Porsche Designs fotografieren und beschert uns absolute Aha-Momente. Die Porsche-DNA ist in jedem der gezeigten Modelle erkennbar, die Ausführung aber so neu und zum Teil so unerwartet, dass man meint, in einem Paralleluniversum gelandet zu sein. Ein 1-Liter-Auto von Porsche? Ein coupé hafter 4-Sitzer mit 911-Zügen? Einsitzige Roadster mit dem Geist der 50er-Jahre? Das alles hat Stefan Bogner im Modell oder sogar fahrfertig vor der Linse gehabt. Die erhellenden Hintergründe hat Jan Baedeker im persönlichen Gespräch mit Designchef Michael Mauer notiert. Folgen Sie uns auf eine unvergleichliche Entdeckungsreise durch die Welt des Porsche Designs! Zweisprachig: Deutsch/Englisch Unknown valuables When car companies present studies and prototypes, they allow a glimpse behind the scenes, a vision of what will come or might come. Apart from what is shown on official events and at fairs, there is an overwhelming number of drafts and models, that remain hidden from the public for various reasons. This book achieves the impossible: a look at Porsche cars the public never laid eyes on - Porsche Unseen. Stefan Bogner was exclusively allowed to take pictures in the Porsche Design sanctum, aha-experiences guaranteed. The Porsche DNA is recognisable in any of the models shown, but the design is so new and unexpected that it suggests the existence of a parallel universe. A 1-litre Porsche? A coupé-like four seater with 911-looks? Single-seated roadsters with 50's flair? Stefan Bogner took photos of all of them - either as models or ready to drive. Jan Baedeker talked with Michael Mauer, Head of Design, and took down the enlightening background information. Join our extraordinary expedition of discovery through the world of Porsche Design!
