It is designed to set the standard for accurate, complete, consistent, relevant and transparent accounting and reporting of GHG emissions. The Postal Exam Preparation Book Adams Media Corporation The riveting New York Times bestseller and Stonewall Book Award winner that will make you rethink all you know about race, class, gender, crime, and punishment. Artfully, compassionately, and expertly told, Dashka Slater's *The 57 Bus* is a must-read nonfiction book for teens that chronicles the true story of an agender teen who was set on fire by another teen while riding a bus in Oakland, California. Two ends of the same line. Two sides of the same crime. If it weren't for the 57 bus, Sasha and Richard never would have met. Both were high school students from Oakland, California, one of the most diverse cities in the country, but they inhabited different worlds. Sasha, a white teen, lived in the middle-class foothills and attended a small

private school. Richard, a Black teen, lived in the economically challenged flatlands and attended a large public one. Each day, their paths overlapped for a mere eight minutes. But one afternoon on the bus ride home from school, a single reckless act left Sasha severely burned, and Richard charged with two hate crimes and facing life imprisonment. The case garnered international attention, thrusting both teenagers into the spotlight. But in *The 57 Bus*, award-winning journalist Dashka Slater shows that what might at first seem like a simple matter of right and wrong, justice and injustice, victim and criminal, is something more complicated—and far more heartbreaking. Awards and Accolades for *The 57 Bus*: A New York Times Bestseller Stonewall Book Award Winner YALSA Award for Excellence in Nonfiction for Young Adults Finalist A Boston Globe-Horn Book Nonfiction Honor Book Winner A TIME Magazine Best YA Book of All Time A Los Angeles Times Book Prize Finalist Don't miss Dashka Slater's newest propulsive and thought-provoking nonfiction book, *Accountable: The True Story of a Racist Social Media Account and the Teenagers Whose Lives It Changed*, which National Book Award winner Ibram X. Kendi hails as "powerful, timely, and delicately written."

McGraw-Hill's Postal Exams 473/473C

Research & Education Association

Most writing on sociological method has been

concerned with how accurate facts can be obtained and how theory can thereby be more rigorously tested. In *The Discovery of Grounded Theory*, Barney Glaser and Anselm Strauss address the equally important enterprise of how the discovery of theory from data?systematically obtained and analyzed in social research?can be furthered. The discovery of theory from data?grounded theory?is a major task confronting sociology, for such a theory fits empirical situations, and is understandable to sociologists and laymen alike. Most important, it provides relevant predictions, explanations, interpretations, and applications. In Part I of the book, "Generation Theory by Comparative Analysis," the authors present a strategy whereby sociologists can facilitate the discovery of grounded theory, both substantive and formal. This strategy involves the systematic choice and study of several comparison groups. In Part II, *The Flexible Use of Data*," the generation of theory from qualitative, especially documentary, and quantitative data is considered. In Part III, "Implications of Grounded Theory," Glaser and Strauss examine the credibility of grounded theory. *The Discovery of Grounded Theory* is directed toward improving social scientists' capacity for generating theory that will be relevant to their research. While aimed primarily at sociologists, it will be useful to anyone interested in studying social phenomena?political, educational, economic,

industrial? especially if their studies are based on qualitative data.

Work in the 21st Century Pearson IT Certification
#1 NEW YORK TIMES BESTSELLER

• ONE OF TIME MAGAZINE'S 100 BEST YA BOOKS OF ALL TIME • A NEW YORK TIMES READER TOP 100 PICK FOR BEST BOOKS OF THE 21ST CENTURY The extraordinary, beloved novel about the ability of books to feed the soul even in the darkest of times. When Death has a story to tell, you listen. It is 1939. Nazi Germany. The country is holding its breath. Death has never been busier, and will become busier still. Liesel Meminger is a foster girl living outside of Munich, who scratches out a meager existence for herself by stealing when she encounters something she can't resist—books. With the help of her accordion-playing foster father, she learns to read and shares her stolen books with her neighbors during bombing raids as well as with the Jewish man hidden in her basement. In superbly crafted writing that burns with intensity, award-winning author Markus Zusak, author of *I Am the Messenger*, has given us one of the most enduring stories of our time. “The kind of book that can be life-changing.” —The New

York Times “Deserves a place on the same shelf with *The Diary of a Young Girl* by Anne Frank.” —USA Today
DON'T MISS BRIDGE OF CLAY, MARKUS ZUSAK'S FIRST NOVEL SINCE THE BOOK THIEF.

Practical Research Cisco Systems
300 million powerpoint presentations are given daily, yet there is a disconnect between the amazing technology of powerpoint and a mediocre student learning experience. To unleash the full potential of powerpoint presentations, we must do a better job of creating presentations that fit the educational needs of students. Slides for Students does just that. Slides for Students is an open and honest discussion about powerpoint in the classroom. A need exists for thoughtfully designed and implemented classroom instruction that focuses on the learner rather than on the technology. This book was written to translate academic research findings into practical suggestions about powerpoint that educators can use. Divided into two parts, Slides for Students discusses the history of powerpoint, explores academic studies on the topic, and demonstrates how to design slides to best suit

educational needs and engage with students to avoid the dreaded "death by powerpoint."

TEXES PPR John Wiley & Sons

The comprehensive postal test-prep guide that delivers through rain, sleet, and snow Now that the U.S. Postal Service has replaced its obsolete 470 test with the updated and more difficult 473 and 473C hiring exams, you need this book more than ever if you want to qualify for employment. It's packed with timed, skill-building drills to help you answer questions faster and more accurately.

Buildings of Texas Routledge

For undergraduate or graduate courses that include planning, conducting, and evaluating research. A do-it-yourself, understand-it-yourself manual designed to help students understand the fundamental structure of research and the methodical process that leads to valid, reliable results. Written in uncommonly engaging and elegant prose, this text guides the reader, step-by-step, from the selection of a problem, through the process of conducting authentic research, to the preparation of a completed report, with

practical suggestions based on a solid theoretical framework and sound pedagogy. Suitable as the core text in any introductory research course or even for self-instruction, this text will show students two things: 1) that quality research demands planning and design; and, 2) how their own research projects can be executed effectively and professionally.

Comprehensive Postal Exam for 473/473-C Clarkson Potter

At long last, Sarah Britton, called the "queen bee of the health blogs" by Bon Appétit, reveals 100 gorgeous, all-new plant-based recipes in her debut cookbook, inspired by her wildly popular blog.
