For undergraduate or graduate courses that include planning, conducting, and evaluating research. A do-it-yourself, understand-it-yourself manual designed to help students understand the fundamental structure of

---

research and the methodical process that leads to valid, reliable results. Written in uncommonly engaging and elegant prose, this text guides the reader, step-by-step, from the selection of a problem, through the process of conducting authentic research, to the preparation of a completed report, with practical suggestions based on a solid theoretical framework and sound pedagogy. Suitable as the core text in any introductory research course or even for self-instruction, this text will show students two things: 1) that quality research demands planning and design; and, 2) how their own research projects can be executed effectively and professionally.

An Introduction to Community Development  
University of Chicago Press

Beginning with the foundations of community development, An Introduction to Community Development offers a comprehensive and practical approach to planning for communities. Road-tested in the authors' own teaching, and through the training they provide for practicing planners, it enables students to begin making connections between academic study and

practical know-how from both private and public sector contexts. An Introduction to Community Development shows how planners can utilize local economic interests and integrate finance and marketing considerations into their strategy. Most importantly, the book is strongly focused on outcomes, encouraging students to ask: what is best practice when it comes to planning for communities, and how do we accurately measure the results of planning practice? This newly revised and updated edition includes: increased coverage of sustainability issues, discussion of localism and its relation to community development, quality of life, community well-being and public health considerations, and content on local food systems. Each chapter provides a range of reading materials for the student, supplemented with

---

text boxes, a chapter outline, keywords, and reference lists, and new skills based exercises at the end of each chapter to help students turn their learning into action, making this the most user-friendly text for community development now available.

- From the author of *One Hundred Years of Solitude* comes the gripping story of the murder of a young aristocrat that puts an entire society—not just a pair of murderers—on trial. A man returns to the town where a baffling murder took place 27 years earlier, determined

to get to the bottom of the story. Just hours after marrying the beautiful Angela Vicario, everyone agrees, Bayardo San Roman returned his bride in disgrace to her parents. Her distraught family forced her to name her first lover; and her twin brothers announced their intention to murder Santiago Nasar for dishonoring their sister. Yet if everyone knew the murder was going to happen, why did no one intervene to stop it? The more that is learned, the less is understood, as the

story races to its inexplicable conclusion.

My New Roots Farrar, Straus and Giroux (BYR)  
300 million powerpoint presentations are given daily, yet there is a disconnect between the amazing technology of powerpoint and a mediocre student learning experience. To unleash the full potential of powerpoint presentations, we must do a better job of creating presentations that fit the educational needs of students. Slides for Students does just that. Slides for Students is an open and honest discussion about powerpoint in the classroom. A need exists for thoughtfully designed and implemented classroom instruction that focuses on the learner rather than on the technology. This book was written to translate academic research findings into practical suggestions about powerpoint that educators can use. Divided

into two parts, Slides for Students discusses the history of powerpoint, explores academic studies on the topic, and demonstrates how to design slides to best suit educational needs and engage with students to avoid the dreaded "death by powerpoint."

positions for those interested from Britain, but as John Adams said, the real revolution occurred “in the minds and hearts of the people” before the armed conflict ever began. Putting the practices of communication at the center of this intellectual revolution, *Protocols of Liberty* shows how American patriots—the Whigs—used new forms of communication to challenge British authority before any shots were fired at Lexington and Concord. To understand the triumph of the Whigs over the Brit-friendly Tories, William B. Warner argues that it is essential to understand the communication systems that shaped pre-Revolution events in the background. He explains the shift in power by

tracing the invention of a new political agency, the Committee of Correspondence; the development of a new genre for political expression, the popular declaration; and the emergence of networks for collective political action, with the Continental Congress at its center. From the establishment of town meetings to the creation of a new postal system and, finally, the Declaration of Independence, Protocols of Liberty reveals that communication innovations contributed decisively to nation-building and continued to be key tools in later American political movements, like abolition and women's suffrage, to

oppose local custom and state law.

The riveting New York Times bestseller and Stonewall Book Award winner that will make you rethink all you know about race, class, gender, crime, and punishment. Artfully, compassionately, and expertly told, Dashka Slater's *The 57 Bus* is a must-read nonfiction book for teens that chronicles the true story of an agender teen who was set on fire by another teen while riding a bus in Oakland, California. Two ends of the same line. Two sides of the same crime. If it weren't for the 57 bus, Sasha and Richard never would have met. Both

---

were high school students from Oakland, California, one of the most diverse cities in the country, but they inhabited different worlds. Sasha, a white teen, lived in the middle-class foothills and attended a small private school. Richard, a Black teen, lived in the economically challenged flatlands and attended a large public one. Each day, their paths overlapped for a mere eight minutes. But one afternoon on the bus ride home from school, a single reckless act left Sasha severely burned, and Richard charged with two hate crimes and facing life imprisonment. The case garnered international attention, thrusting both teenagers into the spotlight. But in *The 57 Bus*, award-winning journalist Dashka Slater shows that what might at first seem like a simple matter of right and

wrong, justice and injustice, victim and criminal, is something more complicated—and far more heartbreaking. Awards and Accolades for *The 57 Bus*: A New York Times Bestseller Stonewall Book Award Winner YALSA Award for Excellence in Nonfiction for Young Adults Finalist A Boston Globe-Horn Book Nonfiction Honor Book Winner A TIME Magazine Best YA Book of All Time A Los Angeles Times Book Prize Finalist Don't miss Dashka Slater's newest propulsive and thought-provoking nonfiction book, *Accountable: The True Story of a Racist Social Media Account and the Teenagers Whose Lives It Changed*, which National Book Award winner Ibram X.
