A collection of 100 postcards, each featuring a different and iconic Penguin book jacket. From classics to crime, here are over seventy years of quintessentially British design in one box. In 1935 Allen Lane stood on a platform at Exeter railway station, looking for a good book for the journey to London. His disappointment at the poor range of paperbacks on offer led him to found Penguin Books. The quality paperback had arrived. Declaring that 'good design is no more expensive than bad', Lane was adamant that his Penguin paperbacks should cost no more than a packet of cigarettes, but that they should always look distinctive. Ever since then, from their original - now world-famous - look featuring three bold horizontal stripes, through many different stylish, inventive and iconic cover designs, Penguin's paperback jackets have been a constantly evolving part of Britain's culture. And whether they're for classics, crime, reference or prize-winning novels, they still follow Allen Lane's original design mantra. Sometimes, you definitely should judge a book by its cover.

The Notebook meets *Love & Gelato* in this heart-wrenching novel about a teen girl who travels to her late mother's majestic summertime home to learn of the romance—and the tragedy—that changed her life forever. Seventeen-year-old Lexi has always wanted to know more about the mother who passed away when she was only a child. But her dad will barely talk about her. He says he'd rather live in the present with Lexi, her stepmom, and her half-brother. Lexi loves her family, too, but is it so wrong to want to learn about the mom she never got to know? When Lexi's grandma dies and secretly leaves her a worn blue chest that belonged to Lexi's mother, Lexi is ecstatic to find a treasure trove of keepsakes. Her mom held onto letters, pamphlets, flyers, and news articles all from the same beautiful summertime getaway: Mackinac Island—plus a cryptic postcard that hints at a forbidden romance. If Lexi wants answers, this island is where she needs to go. Without telling her dad, Lexi goes to the gorgeous Mackinac Island in Lake Huron, reachable only by ferry. Cars are forbidden and bikes are the number one mode of transportation along the quaint cobblestone streets, and the magical hotel that rests alongside cozy cafés and bookshops. While following her mother's footsteps, Lexi befriends an elderly former Broadway star and a charming young hotel worker while quickly falling in love with her surroundings. But though the island may be beautiful, it's hiding unfortunate secrets—some with her mother at the center. Could some questions be best left buried beneath the blue waters?

History shapes those who travel through it Following the unexplained disappearance of her parents, and in a last ditch attempt to save the antique store she has inherited from financial ruin, Sarah Lester takes on a deceased estate. Amongst the estate is a collection of vintage postcards which lead Sarah on a journey through time. Sarah is unprepared for what these postcards hint at about their reclusive former owner, and soon they complicate her life in unimaginable ways, transporting her to Victorian London, colonial New Zealand and to the British Raj in India. Sarah has to fight her twenty-first century instincts, and a century of emancipation, to survive. Traversing three continents and two centuries, where tiger hunts and ruby necklaces are irrevocably entwined with murders and mysteries, auction houses and antiquities, Sarah is drawn into the enigma that could solve her parents' disappearance, and the question of should she stay or should she go, gets harder and harder to answer, the deeper she delves into the past. Perfect for fans of the Outlander series and lovers of The Time Travelers Wife. What people are saying about Fifteen Postcards: "If history lessons had been this entertaining, I would have scored an A+!" -Andrene Low, author of the Excess Baggage series "This story is one for devotees of adventurous historical fiction and tales of plucky young women finding their feet." -Stephanie Jones, CoastFM Book Reviewer "I think the author has done a commendable job in bringing the story to life and it's obvious that she has used extensive historical research to ensure that the story always feels authentic and that's not an easy feat to pull off." -JaffaReadsToo, Book Blogger "Kirsten McKenzie has written a very unusual novel: part time travel, part historical, and part antique review. Sarah?s adventures in other times and other continents, linked together by the postcards and the antiques, are well researched and entertainingly written." -Historical Novel Society What reviewers are saying about Kirsten McKenzie: "McKenzie has done a spectacular job of combining well-researched history with a hint of mysterious intrigue." -Anxious Canadian Blog "Kirsten Mckenzie has written an excellent foray into historical fiction. I'm honestly not quite sure how she was able to keep up with and integrate the different settings, time periods, and characters without losing her place. But she managed it magnificently." -Author Sean Whittaker "McKenzie?s descriptions of the shop are well drawn and wonderfully evoke the jumbled chaos of layers of leftovers from centuries of everyday life." -NZBookLovers blog
