For Element #7, use the family's income and size (used for determining eligibility) to determine the poverty threshold in which to count the children in that family.

[What Are Poverty Thresholds And Poverty Guidelines ...](#)

The poverty threshold, poverty limit or poverty line is the minimum level of income deemed adequate in a particular country. Determining the poverty line is usually done by finding the total cost of all the essential resources that an average human adult consumes in one year. The largest of these expenses is typically the rent required to live in an apartment, so historically, economists have paid particular attention to the real estate market and housing prices as a strong poverty line affector
