Father Ed Dowling Harper Collins

"This book is designed to teach the principles of life-building through constructive thought. All power lies in creative thought. Thought is the key to life; for as a man thinketh in his heart, so is he. People are beginning to understand today something of the power of thought to shape the individual's destiny—they know vaguely that thoughts are things—but how the Great Law of thought is to be applied they do not know. This book shows that your destiny is really in your own hands, because it is impossible to think one thing and produce another, and that by the selection of correct thought a harmonious and happy life is produced. It shows that weak and fickle thinking produces a drifting and wasted life, and that positive thinking produces success and happiness. It shows that fear is the ultimate cause or Tap-Root of all sickness, failure, and disappointment. And it shows the only possible method of overcoming fear." - Emmet Fox, *Power Through Constructive Thought*

The Mental Equivalent Harper Collins

A rousing action program for overcoming adversity and taking charge of life -- by one of our century's greatest mystics. For unhappiness, frustration, loneliness, and other afflictions of the spirit, Dr. Emmet Fox prescribes a powerful remedy based on the life and message of Jesus. In *Alter Your Life*, Fox explains that these "dreary" problems are actually bad habits of mind -- habits from which we can free ourselves. "There is no necessity for anything but success, good health, prosperity, and an abounding interest and joy in life," Fox writes. Through a series of brief meditations, Fox shows us how to exchange our bad habits of mind for the healthy ones demonstrated by Jesus. Based upon biblical texts, *Alter Your Life* offers a progressive, life-changing course designed for all readers, whether or not they have read a religious book before.

In its entirety it is a series of essays aimed at revealing to you your power over all things. You will learn that there is only one mover in all creation and that mover is thought. You will learn that there is only one creator and that creator is the Universal Subconscious Mind, or God. You will learn that this creator creates for you exactly what you think, and you will be shown how you can control your thoughts, not only to obtain answers to your problems but to create in your experience exactly what you desire.

We all long to experience a sense of inner wholeness and guidance, but today's notions of healing and recovery too often keep us focused on our brokenness, on our deficiencies rather than our strengths. Wayne Muller's luminous new book gently guides us to the place where we are already perfect, already blessed with the wisdom we need to live a life of meaning, purpose and grace. He starts, as do so many spiritual teachers, with simple questions: Who am I? What do I love? How shall I live, knowing I will die? What is my gift to the family of the earth? He then takes us deeper, exploring each question through transformative true stories. We meet men and women--Wayne's neighbors, friends, patients--who have discovered love, courage, and kindness even in the midst of sorrow and loss. And through them we glimpse that

relentless spark of spiritual magic that burns within each of us. Woven throughout are contemplations, daily practices, poems, and teachings from the great wisdom teachings. Yes, "Faith is the substance of things hoped for" and the substance of things hoped for is the great spiritual energy . . . With this knowledge it is now possible to comprehend that faith is an ELEMENT. It is the greatest of all elements for it is the mother of all others. It is as definite as radium, or air, or water. It is truly the mother substance of elements out of which all existing things are composed. To mortal eyes it is hydrogen or oxygen or many of the other elements that have been discovered in recent years. But when this greatest of all elements is combined in the right proportions it becomes definitely tangible to the physical senses as H<sub>2</sub>O combined as water. This greatest of all elements, this substance of Spiritual material of everlasting creation, boundless energy, Almighty power can become tangible in newly created forms . . . -- ANNALEE SKARIN

The Truth movement, as we call it is the most important thing in the world today. The Truth movement, which centers in the belief in the omnipresence and availability of God, is the most important thing in the world, because it is the only thing that can save the world. Nothing else can. Everything else has been tried. People have tried building up might and power, and have used it to wreck themselves. Man has built up intellectual power; and especially since four centuries ago, since the Renaissance, education has been intellectual. People are surprised when you tell them that there is any other kind of education. Those of us who have had the advantages of a higher education know that so-called intellectual study gives very, very little help in the practical business of living. This Truth movement comes along, takes hold of people and changes them. It restores health if that has been lost, restores estate if that has been lost, restores self-respect if that has been lost. It puts people on their feet, and shows them that there is something in life worth living for.

#### The Seven Main Aspects of God DMC

I have compressed this essay into a few pages. Had it been possible I would have reduced it to as many lines. It is not meant to be an instructional treatise, but a practical recipe for getting out of trouble. Study and research are well in their own time and place, but no amount of either will get you out of a concrete difficulty. Nothing but practical work in your own consciousness will do that. The mistake made by many people, when things go wrong, is to skim through book after book, without getting anywhere. Read the Golden Key several times. Do exactly what it says, and if you are persistent enough you will overcome any difficulty.
