GE Water & Process Technologies
...
GE Water & Process Technologies is a forward-thinking and thoughtful leader in developing the water, water recycling and reuse, wastewater treatment and process solutions our customers need to...
Our People / GE Power Generation
SUEZ's acquisition of GE Water & Process Technologies, which takes effect on

September 30th, 2017, will establish the company as the world leader on the industrial water market. In broader terms, SUEZ will have unequalled capacity to offer global support for industry in resource management. Water: an important resource for industry
GE Power | General Electric

In October 2017, GE Power sold its Water & Process Technology division to French-based utility company Suez for a total of \$3.4 billion. [14]
In June 2018, the private equity firm Advent International agreed to buy GE's distributed power unit for \$3.25 billion.
Suez Waters USA - Wikipedia
GE Power was a very good warm welcoming place and helped me to see what working was

like whilst
during my
time doing
work
Experience it
wasn't my
first choice
of places but
when I got
there it was
very good I
was happy
with how
people worked
and treated
each other
it's a shame
now that the
company has
gone bump.
Pros.
