Diesel Engine in Practice Longman Publishing Group

"Chest pain can be terrifying. Many people panic, or hope that if
they ignore it, it will go away. But angina must be taken seriously -
and in addition to taking medical advice, it's important to find out
what you can do about it, and what you can do to help yourself
reduce the risk of a heart attack." "This book answers key questions
for anyone worried about angina: What is it, and why is it
happening? Does it mean I'm going to have a heart attack? What
should I do when I have chest pain? How do I tell if it's serious?"
"Living with Angina is also packed with useful advice about what
you can do to deal with high cholesterol or high blood pressure,
develop a sensible exercise program, and make crucial lifestyle
changes that will help you live life to the full."--BOOK
