First published in 1937, "Black Hamlet" is a chronicle of physician Wulf Sachs' experiences psychoanalysing a man from a Johannesburg slum for two-and-a-half years. Originally an attempt to learn whether psychoanalysis was applicable across different cultures, Sachs' findings became so much more. "Black Hamlet" is a narrative reconstruction of one black South African's life as two worlds collide. Critically acclaimed when first published, this fascinating book will appeal to those with an interest in psychology and psychoanalysis, and it is not to be missed by collectors of related literature. Many vintage books such as this are becoming increasingly scarce and expensive. It is with this in mind that we are republishing this volume now in a modern, high-quality edition complete with the original text and artwork.

A veteran hockey writer takes on hockey culture and the NHL--addressing the games most controversial issue Whether its on-ice fist fights or head shots into the glass, hockey has become a nightly news spectacle--with players pummeling and bashing each other across the ice like drunken gladiators. And while the NHL may actually condone on-ice violence as a ticket draw, diehard hockey fan and expert Adam Proteau argues against hockeys transformation into a thuggish blood sport. In Fighting the Good Fight, Proteau sheds light on the many perspectives of those in and around the game, with interviews of current and former NHL stars, coaches, general managers, and league executives, as well as medical experts. One of the most well-known media figures on the hockey scene today, famous for his funny, feisty observations as a writer for the Toronto Star and The Hockey News and commentator on CBC radio and TV, Adam Proteau is also one of the few mainstream media voices who is vehemently anti-fighting in hockey. Not only is his book a plea to the games gatekeepers to finally clamp down on the runaway violence that permeates the sport even at its highest level, he offers realistic suggestions on ways to finally clean the game up. • Includes interviews with medical experts on head injuries and concussions, as well as with other members of the media • The author not only wages an attack on the value of fighting in hockey--but also on the establishment hockey culture Covering the most polarizing issue in hockey today, Fighting the Good Fight gives hockey fans and sports lovers everywhere a reason to stamp their feet

'Hamlet and the Vision of Darkness' is a radical new interpretation of the most famous play in the English language. By exploring Shakespeare's engagements with the humanist traditions of early modern England and Europe, Rhodri Lewis reveals a 'Hamlet' unseen for centuries: an innovative, coherent, and exhilaratingly bleak tragedy in which the governing ideologies of Shakespeare's age are scrupulously upended.

McGraw-Hill's 10 ACT Practice Tests, Second Edition Stink

This is the first book to view Shakespeare's plays from the prospect of the premodern death arts, not only the ars moriendi tradition but also the plurality of cultural expressions of memento mori, funeral rituals, commemorative activities, and rhetorical techniques and strategies fundamental to the performance of the work of dying, death, and the dead. The volume is divided into two sections: first, critically nuanced examinations of Shakespeare's corpus and then, second, of Hamlet exclusively as the ultimate proving ground of the death arts in practice.

This book revitalizes discussion around key and enduring themes of mortality by reframing Shakespeare's plays within a newly conceptualized historical category that posits a cultural divide--at once epistemological and phenomenological--between premodernity and the Enlightenment. William E. Engel is the Nick B. Williams Professor of Literature at The University of the South, in Seawee, Tennessee, USA. He has published eight books on literary history and applied emblematics, including two critical anthologies coauthored with Rory Loughnane and Grant Williams, *The Death Arts in Renaissance England* (2022) and *The Memory Arts in Renaissance England* (2016); and has coedited several collections of essays including *Memory and Mortality in Renaissance England* (2022) and *Memory and Forgetting in the Early Modern Era* (2018). Grant Williams is an Associate Professor of English Literature at Carleton University, in Ottawa, Canada. With William E. Engel and Rory Loughnane, he has co-authored *The Death Arts in Renaissance England* (2022) and, with Donald Beecher, edited Henry Chettle's *Kind-Heart's Dream* and *Piers Plainness: Two Pamphlets from the Elizabethan Book Trade* (2021). He has also co-authored *The Memory Arts in Renaissance England* (2016) with Engel and Loughnane and co-edited three collections: *Taking Exception to the Law* (2015), *Ars reminiscendi* (2009), and *Lethe's Legacies* (2004).
