We are at our human best when we give and forgive. But we live in a world in which it makes little sense to do either one. In our increasingly graceless culture, where can we find the motivation to give? And how do we learn to forgive when forgiving seems counterintuitive or even futile? A deeply personal yet profoundly thoughtful book, *Free of Charge* explores these questions— and the further questions to which they give rise— in light of God's generosity and Christ's sacrifice for us. Miroslav Volf draws from popular culture as well as from a wealth of literary and theological sources, weaving his rich reflections around the sturdy frame of Paul's vision of God's grace and Martin Luther's interpretation of that vision. Blending the best of theology and spirituality, he encourages us to echo in our own lives God's generous giving and forgiving. A fresh examination of two practices at the heart of the Christian faith— giving and forgiving— the Archbishop of Canterbury's Lenten study book for 2006 is at the same time an introduction to Christianity. Even more, it is a compelling invitation to Christian faith as a way of life. "Miroslav Volf, one of the most celebrated theologians of our day, offers us a unique interweaving of intense reflection, vivid and painfully personal stories and sheer celebration of the giving God ... I cannot remember having read a better account of what it means to say that Jesus suffered for us in our place."— Dr Rowan Williams, Archbishop of Canterbury

From a world-renowned painter, an exploration of creativity's quintessential—and often overlooked—role in the spiritual life " Makoto Fujimura's art and writings have been a true inspiration to me. In this luminous book, he addresses the question of art and faith and their reconciliation with a quiet and moving eloquence. " —Martin Scorsese " [An] elegant treatise ... Fujimura's sensitive, evocative theology will appeal to believers interested in the role religion can play in the creation of art. " —Publishers Weekly Conceived over thirty years of painting and creating in his studio, this book is Makoto Fujimura's broad and deep exploration of creativity and the spiritual aspects of " making. " What he does in the studio is theological work as much as it is aesthetic work. In between pouring precious, pulverized minerals onto handmade paper to create the prismatic, refractive surfaces of his art, he comes into the quiet space in the studio, in a discipline of awareness, waiting, prayer, and praise. Ranging from the Bible to T. S. Eliot, and from Mark Rothko to Japanese Kintsugi technique, he shows how unless we are making something, we cannot know the depth of God's being and God's grace permeating our lives. This poignant and beautiful book offers the perspective of, in Christian Wiman's words, " an accidental theologian, " one who comes to spiritual questions always through the prism of art.

In this powerful new interpretation of the book of Revelation, the late, revered author and translator of *The Message Bible* offers timely insights into how we can lean into growth, not in spite of challenging times, but because of them. " Insightful and inviting ... This is Eugene at his pastoral best. " —Rev. Dr. Glenn Packiam, associate senior pastor at New Life Church and author of *Blessed Broken Given* The book of Revelation is filled with angels and dragons, fantastic beasts and golden cities, bottomless pits and mysterious numbers. It's dramatic, sure—but what exactly does that have to do with the tests we face today? Actually, a lot. When the apostle John penned the book of Revelation, believers lived in a time of deception and injustice. But his message doesn't just reflect their cries for things to be made right; it reveals heaven's perspective of the bigger picture. In this never-before-published work, Eugene H. Peterson traces the dramatic symbolism found in John's letters to the seven churches, uncovering Christ's instructions to these ancient communities. Along the way, encounter seven key tests, of our love, suffering, truth, holiness, reality, witness, and commitment, tests from Christ that can deepen our faith and even shape our future. This Hallelujah Banquet is your personal invitation to grow deep and begin living now in a generous, abundant, and hopeful reality in Christ.

Death, Resurrection, and Human Destiny: Christian and Muslim Perspectives is a record of the 2012 Building Bridges seminar for leading Christian and Muslim scholars, convened by Rowan Williams, then Archbishop of Canterbury. The essays in this volume explore what the Bible and Qur'an—and the Christian and Islamic theological traditions—have to say about death, resurrection, and human destiny. Special attention is given to the writings of al-Ghazali and Dante. Other essays explore the notion of the good death. Funeral practices of each tradition are explained. Relevant texts are included with commentary, as are personal reflections on death by several of the seminar participants. An account of the informal conversations at the seminar conveys a vivid sense of the lively, penetrating, but respectful dialogue which took place. Three short pieces by Rowan Williams provide his opening comments at the seminar and his reflections on its proceedings. The volume also contains an analysis of the Building Bridges Seminar after a decade of his leadership.

Though bringing people to new birth in Christ through evangelism is essential, says Peterson, isn't it obvious that growth in Christ is equally essential? Yet the American church does not treat Christian growth and character formation with equivalent urgency. We are generally uneasy with the quiet, obscure conditions in which growth takes place, and building maturity in Christ too often gets relegated to footnote status in the text of our lives. In *Practice Resurrection* Peterson brings the voice of Scripture— especially Paul's letter to the Ephesians— and the voice of the contemporary Christian congregation together to unpack what it means to fully grow up "to the stature of Christ." Peterson's robust discussion will move readers to restore transformed Christian character to the center of their lives. This helpful study guide is designed to enable small groups in schools or churches— or even individuals— to delve deeper into the timely wisdom of *Practice Resurrection: A Conversation on Growing Up in Christ*. Peter Santucci here breaks up Peterson's book into thirteen "sessions," each of which contains a summary, select quotes to consider, questions for interaction, and a prayer drawn from the text of Ephesians that is covered in the corresponding book chapter.

The question of the historicity of Jesus' resurrection has been repeatedly probed, investigated and debated. And the results have varied widely. Perhaps some now regard this issue as the burned-over district of New Testament scholarship. Could there be any new and promising approach to this problem? Yes, answers Michael Licona. And he convincingly points us to a significant deficiency in approaching this question: our historiographical orientation and practice. So he opens this study with an extensive consideration of historiography and the particular problem of investigating claims of miracles. This alone is a valuable contribution. But then Licona carefully applies his principles and methods to the question of Jesus' resurrection. In addition to determining and working from the most reliable sources and bedrock historical evidence, Licona critically weighs other prominent hypotheses. His own argument is a challenging and closely argued case for the historicity of the resurrection of Jesus, the Christ. Any future approaches to dealing with this 'prize puzzle' of New Testament study will need to be routed through *The Resurrection of Jesus*.

Are you intimidated by theology? Confused? Bored? Michael Jinkins knows it doesn't have to be that way. "Theology is our critical and prayerful reflection on the totality of life," he writes. "We all do theology on a regular basis, whether or not we are conscious of the fact." In *Invitation to Theology* Jinkins offers a knowledgeable, helpful and caring guide to walk you through the basics of the Christian faith. Following the pattern of the ancient summary of the Christian faith, the Apostles' Creed, Jinkins highlights the key doctrines of God, Jesus Christ, the Holy Spirit, humanity, church, salvation and resurrection. He cuts a clear path through theological terms, traditions and debates. And in the spirit of C. S. Lewis, he invites you to consider some of the most profound reflections—from the distant past to the present day—on Christian belief. Throughout this fascinating journey, the main road is always kept in view: "The meaning and shape of our life together as a community of persons is grounded in the inner life of God, the Trinity, and has been revealed to us in the life, death and resurrection of Jesus Christ." If you are eager to think about your faith, to examine what and why you believe and to reflect on how such faith can be lived out in our world, *Invitation to Theology* is the book for you.

And there are personal demands on her faith as well: getting older; her mother's Alzheimer's; her son's adolescence; and the passing of friends and time. Fortunately for those of us who are anxious about the state of the world, whose parents are also aging and dying, whose children are growing harder to recognize as they become teenagers, Plan B offers hope that we're not alone in the midst of despair. It shares with us Lamott's ability to comfort and to make us laugh despite the grim realities. Anne Lamott is one of our most beloved writers, and Plan B is a book more necessary now than ever. It is further evidence that, as The New Yorker has written, "Anne Lamott is a cause for celebration."
