This book is a collection of solution focused practice across Asia,
offering case examples from the fields of therapy, supervision,
education, coaching and organisation consulting. It demonstrates the
usefulness of the solution focused approach in the Asian context by
providing practice based evidence, and highlights the diversity of
application. By sharing real case examples in action across Asia, it
is the aim of this book to stimulate the curious and inspire the
converted. It gives readers a taste of what it is like to use this
approach within an Asian context, in different areas of practice and
within a broad spectrum of clinical issues. The examples offer
exciting and creative ways in which solution focused practice can be
used within the Asian context - with the hope that more practitioners
will be curious enough to give solution focused practice serious
consideration as a viable, evidence-based practice.
