Testing of new

August 2015. This is
the only product on
the market that has
EXPANDED, aligned
content and a full
sample test with
answer explanations.
Many states -- but
not all -- that
formerly required
5031 have adopted
test 5001. Changes
include almost
doubling the coverage
of content. The
skills have expanded
in ELA and math. The
test formerly had 210

questions and now has
235 questions. The
number of social
science questions
will be reduced by
ten questions. This
product provides a
highway to success,
quickly and
efficiently gathering
more content
succinctly, including
each of the four
subtests, aligned
expanded descriptive
statements, with
their corresponding
numerous and
authoritative

examples. Since Praxis 5001 is an unusually long test, it is in the candidate's best interest to augment this study guide with our additional suite of digital products which include cloud-based interactive bundled tests that are comprised of questions from three tests, that include time on question as well as time on test. By contrast, this product is not a

broad review of subtests with generic videos or generic categories clustered under subtests, because it defeats the purpose of PRAXIS specificity. Our sample test questions are aligned to specific skills. In conclusion, this product is unique because of its specific content, unpacked deliberately, with standards-aligned sample test questions

and explanations.
