A Letter to My Countrymen is a book that discusses the Nigerian situation and the institutional flaws that cripple the whole society by accepting negativity. These Nigerian factors become an acceptable way to look at issues that are fundamentally wrong and unethical, by giving it a local acceptability that is too embarrassing to a normal, honest person. These issues are traced to its basic foundations: poverty. The book also looks at the good part and still maintains that change is the only thing that is permanent in mankind. Nigerians all over the world can change.

In *Unchained Voices*, Vincent Carretta has assembled the most comprehensive anthology ever published of writings by eighteenth-century people of African descent, enabling many of these authors to be heard for the first time in two centuries. Their writings reflect the surprisingly diverse experiences of blacks on both sides of the Atlantic-America, Britain, the West Indies, and Africa-between 1760 and 1798. Letters, poems, captivity narratives, petitions, criminal autobiographies, economic treatises, travel accounts, and antislavery arguments were produced during a time of various and changing political and religious loyalties. Although the theme of liberation from physical or spiritual captivity runs throughout the collection, freedom also clearly led to hardship and disappointment for a number of these authors. Briton Hammon, James Albert Ukawsaw Gronniosaw, John Marrant, Ignatius Sancho, Ottobah Cugoano, and Olaudah Equiano told their stories as Afro-Britons who recognized the sovereignty of George III; Johnson Green, Belinda, Benjamin Banneker, and Venture Smith spoke and wrote as African Americans in the United States; Phillis Wheatley, initially an Afro-British poet, later chose an African American identity; Francis Williams and George Liele wrote in Jamaica; David George and Boston King, having served with the British forces in the American Revolution and later lived in Canada, composed their narratives as British subjects in the newly established settlement in Sierra Leone, Africa. In his introduction, Carretta reconstructs the historical and cultural context of the works, emphasizing the constraints of the eighteenth-century genres under which these authors wrote. The texts and annotations are based on extensive research in both published and manuscript holdings of archives in the United States and the United Kingdom. Appropriate for undergraduates as well as for scholars, *Unchained Voices* gives a clear sense of the major literary and cultural issues at the heart of African literature written in English.

"To compose means to bind and to loose, to play an instrument is to learn and unlearn. One must quickly learn a new melody, and unlearn all intrinsic forces that would oppose it... There is a safety in singing, and the night is not so fearsome when pierced by even one song." Rose returns to Victoria from Bavaria after many years for the filming of a German movie about eating disorders. City of Roses is a successful eating disorder clinic housed in two mansions in Rockland. Maggie is its director and inspiration, holding a lamp to the miles of eating disorder victims that cross its threshold. Ebony is the daughter of the Velvets, who live on Eagle Mountain. She has lived a privileged life, until now. Her only fault was she believed there was good in everyone. Seeking after a family and community response to mental illness requires the understanding of a mind that can sing in darkness. This account, based on a true story, is a window into the human mind, mental illness, and the struggle for survival.
