comprehensive introduction to  
fundamental grammar structures  
in an authentic, colorful context  
provided by cultural readings,

---

situational dialogues, and cartoons. The richness and diversity of Italian culture permeate each chapter, from the opening dialogue through the numerous illustrations, to the final reading. This edition truly reflects the issues, the language, and the look of contemporary Italy.

Audiovisual supplements include a lively video, filmed on location specifically to accompany the program.

Lessons from the Set  
McGraw-Hill Humanities,  
Social Sciences & World  
Languages  
From Saturday Night Fever  
to Jersey Shore, Italian  
American youth in New  
York City have

appropriated—and been appropriated by—popular American culture. Here, Donald Tricarico investigates how Italian ethnicity has been used to fashion Guido as a distinct youth style that signals inclusion in popular American culture and, simultaneously, the making of a new ethnic subject. Emerging from a wave of Italian immigration after World War II in outer borough neighborhoods such as Bensonhurst, the story of the Guido is an Italian American story, symbolizing the negotiation of a negatively privileged

ethnicity within American society. Tricarico takes up questions about the definition of Guido, the role of disco, and the identity politics of Jersey Shore in order to reconsider the significance of Guido for the study of Italian American ethnicity.

This new edition of the Modern Italian Grammar is an innovative reference guide to Italian, combining traditional and function-based grammar in a single volume. With a strong emphasis on contemporary usage, all grammar points and functions are richly illustrated with examples. Implementing feedback from users of the first edition, this text includes clearer explanations, as well as a greater emphasis on areas of particular difficulty for

learners of Italian. Divided into two sections, the book covers: traditional grammatical categories such as word order, nouns, verbs and adjectives language functions and notions such as giving and seeking information, describing processes and results, and expressing likes, dislikes and preferences. This is the ideal reference grammar for learners of Italian at all levels, from beginner to advanced. No prior knowledge of grammatical terminology is needed and a

glossary of grammatical terms is provided. This Grammar is complemented by the Modern Italian Grammar Workbook Second Edition which features related exercises and activities.

McGraw-Hill Education  
Italian McGraw-Hill Humanities, Social Sciences & World Languages

This best-selling beginning Italian text offers a four-skills and communicative introduction to Italian language and culture. The text provides communicative activities and streamlined vocabulary and grammar presentations coupled with revised and expanded cultural material. The seventh edition also updates the cultural content and brightens up the readings and dialogues with beautiful new illustrations and photographs.

Shrinkwrap Cengage Learning  
This uniquely effective new introductory Italian language program meets the needs of instructors as well as learners.

Three significant characteristics set Avanti! apart from other beginning Italian texts currently available: First, in response to instructors' concern that most textbooks attempt to cover too much material in the first year, Avanti! reflects reasonable expectations for the amount of material that most beginning learners can acquire in one year of classroom instruction. Second, Avanti! strives to satisfy students' desire to communicate in everyday situations right from the start. The activities guide students to communicate in truly meaningful contexts that encourage explorations of the rich Italian culture. Third, the methodology of Avanti! is firmly

---

grounded in the latest findings from research in second language acquisition and foreign language pedagogy.

Education

This book offers a systematic overview of the Japanese language from the perspective of the English-speaking learner. It deals with the essential points of pronunciation, the writing system, vocabulary, grammar, and discourse, and

aims to complement Japanese language courses by bringing the various components of the language together in a general framework. Sample topics include English loanwords in Japanese, word- and phrase-accentuation, the role of the various Japanese scripts, vertical and horizontal writing, semantic contrasts between Japanese and English words, honorifics, numeral classifiers and grammatical "particles," and male and female speech and social formulas. The book also discusses practical issues such as the role of romanization and the use of character dictionaries, and gives due attention to the informal style. Addressed primarily to undergraduate learners, the book will also be of interest to teachers and to other readers who wish to obtain a general picture of this increasingly important language.
