Computerworld's award-winning Web site (Computerworld.com), twice-monthly publication, focused conference series and custom research form the hub of the world's largest global IT media network.

**Congressional Record**

The Crisis That Rocked a Country and a Company... In April 2004, an illegally leaked U.S. Army report thrust CACI, an information technology company, into the international spotlight by casting suspicion on a CACI employee for being "either directly or indirectly responsible" for the mistreatment of detainees at Abu Ghraib prison in Iraq. At the same time, pictures from the abuses were shown on national television and tarnished anyone associated with Abu Ghraib--including CACI. What ensued was a media frenzy rarely seen by any company in recent decades. The media twisted the unsupported allegations into a guilty verdict without regard for the facts or the truth, creating a damning public perception of CACI. Our Good Name recounts how CACI battled to defend itself against erroneous and malicious reports by a rampaging media, how it responded to the wide-ranging government investigations, and how it overcame misplaced anger and criticism that put the company's dedicated employees and excellent reputation--even its future--at risk. Our Good Name is CACI's story of facing one of the biggest scandals in recent history...and coming out honorably with its head high.

Spies for Hire

He awakened her body...but...! Chloe Hughes didn't like her best friend's brother, Sheik Girad. Especially when the horrible man was forcing her friend into an unwanted marriage, using the excuse of "tradition". So why did his every touch make her tremble with unprecedented hunger? Why did a look make her body tighten with need? Sheik Girad bin Saldira knew how to get things done. As ruler of Cordaire, Girad prided himself on a thriving economy and a strong military. So why was he having so much trouble getting one beautiful woman to agree to his terms? After just one night in his arms, Girad knew that Chloe Hughes was the woman he wanted in his life forever. Unfortunately, she'd disappeared from his palace. Hard to keep her close when he couldn't even find her!

#### Official Gazette of the United States Patent and Trademark Office

He ' d never trust her! Years ago, Jake had fallen for Emily – hard! One look, and he knew that Emily was The One. He ' d thought she felt the same way, but one morning, she was gone. Not just gone from his bed, but gone from her apartment and his life! Fast forward to now, and Jake is startled to see Emily, looking more beautiful than before, strolling into his office and offering to partner with him on a system that...it could change the world! Dare he trust her again? Could he believe her soft sighs of pleasure? Or should he keep his distance from her and keep his heart and mind safe? Emily walked into Jake ' s office and...he was more amazing than she ' d remembered! Taller, more handsome and much more...everything! Emily might love him, but every day was a gift and she didn ' t know if she ' d have many more. Her future was always uncertain. But she could take what he offered...and secretly love him with her whole heart and mind and soul!

#### Who Owns Whom

This is a companion volume to the main NAO report (HCP 33-I, session 2006-07, ISBN 0102942323) and it contains details of 24 case studies which form the basis of the NAOs analysis of factors that contribute to successful delivery of IT-enabled programmes and projects which have achieved tangible benefits for citizens and taxpayers. Drawn from the public and private sectors in the UK and overseas, these case studies include: i) the Department for Work and Pensions Payment Modernisation Programme which cost £ 824 million and has transformed the payment of benefits and pensions through direct bank payments; ii) the Oyster electronic smartcard introduced by Transport for London in 2003 and a capital cost of £ 40 million; and iii) from the private sector, the UK trade associations chip and PIN programme at a cost of £ 1.1 billion.
