[Technology and American Society](#) The New Press

Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

Prentice Hall America: A History of Our Nation is a multiple media program designed to engage today's students in the exciting story of our nation's past. Built around meeting the way you teach and the way your students learn, the program provides different pathways into the content for all levels and types of learners, while providing cutting-edge teacher support developed to provide a "wow!" factor at each stage of instruction. The program is built around Essential Questions designed to stimulate conversation, emphasize source analysis, hands-on learning, and critical thinking with a goal of helping students to achieve an enduring understanding of America's past. Authors James West Davidson, Michael B. Stoff, and Grant Wiggins, co-author of *Understanding by Design*, focus on the "why" of history--helping students make meaning of what happened long ago and why it remains important to us today. The Beginnings to 1914 Edition was developed specifically for courses covering up to the years prior to the United States entry into World War I.
