Realidades 2 Savvas Learning Company

Many language books are boring—this one is not. Written by a native English speaker who learned Spanish the hard way—by trying to talk to Spanish-speaking people—it offers English speakers with a basic knowledge of Spanish hundreds of tips for using the language more fluently and colloquially, with fewer obvious "gringo" errors. Writing with humor, common sense, and a minimum of jargon, Joseph Keenan covers everything from pronunciation, verb usage, and common grammatical mistakes to the subtleties of addressing other people, "trickster" words that look alike in both languages, inadvertent obscenities, and intentional swearing. He guides readers through the set phrases and idiomatic expressions that pepper the native speaker's conversation and provides a valuable introduction to the most widely used Spanish slang. With this book, both students in school and adult learners who never want to see another classroom can rapidly improve their speaking ability. Breaking Out of Beginner's Spanish

will be an essential aid in passing the supreme language test—communicating fluently with native speakers.

Prentice Hall Spanish Realidades Practice Workbook Level 3 1st Edition 2004c McGraw-Hill Medical Publishing

You have learned two words in a second language just by reading the title of the book. Think about that for a moment and reflect upon your prior foreign language experiences. Often, students enter language classes with previously acquired skills, be they from secondary school or another college. Many say, "I have studied Spanish for years and don't know how to speak or write it," while others are a bit anxious about taking a second language for the first time, but all are overwhelmed by the expensive textbooks and online packages that don't seem to be practical or relevant. We sought to change these common complaints by creating materials that take a new approach to learning a second language based upon the skills that we deem most useful and that will enable our students to confidently express themselves in Spanish. The text is designed

for beginning Spanish language students. The pedagogical approach incorporates the flipped classroom methodology. The text is supplemented by various presentations and videos that are freely available at <https://milnepublishing.geneseo.edu/yopuedo1/>
