Chinese Sympathies examines how Europeans—German-speaking writers and thinkers in particular—identified with Chinese intellectual and literary traditions following the circulation of Marco Polo's *Travels*. This sense of affinity expanded and deepened, Daniel Leonhard Purdy shows, as generations of Jesuit

missionaries, baroque encyclopedists, Enlightenment moralists, and translators established intellectual regimes that framed China as being fundamentally similar to Europe. Analyzing key German literary texts—theological treatises, imperial histories, tragic dramas, moral philosophies, literary translations, and poetic cycles—*Chinese Sympathies* traces the

paths from baroque-era missionary reports that accommodated Christianity with Confucianism to Goethe's concept of world literature, bridged by Enlightenment debates over cosmopolitanism and sympathy, culminating in a secular principle that allowed readers to identify meaningful similarities across culturally diverse literatures based on shared human

experiences. Thanks to generous funding from Penn State University, the ebook editions of this book are available as Open Access volumes from Cornell Open (cornellopen.org) and other repositories. The Battle of the Styles 5 Spot An annual index to the monographs appears early in the following year.

What if you lost your true soul mate? Would your love ever truly die? Not if you're Noah Hartman, who refuses to let go of Robin after she inexplicably

abandons their love and disappears from his life seemingly forever, her hidden secret yet to be discovered. And when you finally move on with your life, what do you say when the unthinkable happens: your true love reappears at your wedding to another woman, looks deep into your soul with her loving, tear-filled eyes, and tells you the one thing you've desperately longed to hear for all of these years? As Noah, old and sick in a hospital bed, tells his story of love and loss to Josh, a wise orderly, he discovers a far greater truth about his past, present, and

future. Things are definitely not person...

When an eager and curious Jane
Eyre arrives at Thornfield Hall
her sexual desires are instantly
awakened. Who is the enigmatic
Rochester whom she instantly
feels attracted to, what are the
strange and yet captivating noises
coming from the attic, and why
does the very air she breathes feel
heavy with passion? Only one
thing is certain. Jane Eyre may
have arrived at Thornfield an
unfulfilled and tentative woman,
but she will leave a very different

"Every story has a narrator.
Someone who writes it down
after it's all over. Why am I the
narrator of this story? I am
because it is the story of my
life—and of the people I love
most. . . ." Harry and Madeleine
Winslow have been blessed with
talent, money, and charm. Harry
is a National Book
Award-winning author on the
cusp of greatness. Madeleine is a
woman of sublime beauty and
grace whose elemental goodness
and serenity belie a privileged
upbringing. Bonded by deep
devotion, they share a love that is
both envied and admired. The

Winslows play host to a coterie of
close friends and acolytes eager to
bask in their golden radiance,
whether they are in their bucolic
East Hampton cottage, abroad in
Rome thanks to Harry's writing
grant, or in their comfortable
Manhattan brownstone. One
weekend at the start of the
summer season, Harry and
Maddy, who are in their early
forties, meet Claire and cannot
help but be enchanted by her
winsome youth, quiet intelligence,
and disarming naivete. Drawn by
the Winslows' inscrutable
magnetism, Claire eagerly falls
into their welcoming orbit. But
over the course of the summer, her
reverence transforms into a
dangerous desire. By Labor Day,

it is no longer enough to remain one of their hangers-on. A story of love, lust, deception, and betrayal as seen through the omniscient eyes of Maddy's childhood friend Walter, a narrator akin to Nick Carraway in *The Great Gatsby*, *Indiscretion* is a juicy, richly textured novel filled with fascinating, true-to-life characters—an irresistibly sensual page-turner that explores having it all and the consequences of wanting more. *Indiscretion* also marks the debut of a remarkably gifted writer and storyteller whose unique voice bears all the hallmarks of an exciting new literary talent.

As a small boy, Darren Kiel was witness to his father's corruption and contemptible misconduct. As he grew, that experience gave rise to a seething need to atone for his father's crimes, to set the world aright, to enforce order. Now an adult, Darren is thrust into a world far more horrific than he could ever have imagined: The Orchard, a region inundated by crime, violence, poverty, decay, and desperation. With swelling intolerance, hardening resolve, and miraculous technology, Darren sets upon

an obsessive crusade to correct what has gone wrong in this society's machine. As the campaign escalates, Darren sees the violence spread to every corner of his life and threaten or destroy everything he's worked for and everyone he holds dear. But is this truly Darren's war or is all this just a small part of a much larger design that he is only now beginning to glimpse?

This text brings together case studies focusing on specific instances of corporate best practices. All too often, we

showcase cases based on questionable or unethical corporate behavior. Instead, the editors bring together in this book examples of how some firms got it right. Certainly, there is no claim that the companies in these case are perfect; some of them may have histories that include questionable practices. But, these are companies that work to foster trust, both internally and in their relationships with customers, suppliers, shareholders, and the communities in which they operate. The book is not, however, merely a descriptive

iteration of effective corporate conduct. The editors conclude with an analysis of frameworks for corporate and managerial ethical decision-making - frameworks that help to establish models for best practices. These frameworks then can be generalized and applied to other corporate situations, and replicated by other companies in their search for excellence and the resulting avoidance of misconduct.

The global rise of neoliberalism since the 1970s is widely seen as

a dynamic originating in the United States and the United Kingdom, and only belatedly and partially repeated by Germany. From this Anglocentric perspective, Germany's emergence at the forefront of neoliberal reforms in the eurozone is perplexing, and tends to be attributed to the same forces conventionally associated with the Anglo-American pioneers. This book challenges this ruling narrative conceptually and empirically. It recasts the genesis of neoliberalism as a process driven by a plenitude of actors, ideas, and interests. And it lays bare the pragmatic reasoning and counterintuitive choices of German crisis managers that are

obscured by this master story. Drawing on extensive original archival research, this book argues that German officials did not intentionally set out to promote neoliberal change. Instead they were more intent on preserving Germany's export markets and competitiveness in order to stabilize the domestic compact between capital and labor. Nevertheless, the series of measures German policy elites took to manage the end of golden-age capitalism promoted neoliberal transformation in crucial respects: it destabilized the Bretton Woods system; it undermined socialist and social democratic responses to the crisis in Europe; it frustrated an

internationally coordinated Keynesian reflation of the world economy; and ultimately it helped push the US into the Volcker interest-rate shock that inaugurated the attack on welfare and labor under Reagan and Thatcher. From this vantage point, the book illuminates the very different rationale behind the painful reforms German state managers have demanded of their indebted eurozone partners. *Twelfth International Vacuum Congress, Eighth International Conference on Solid Surfaces* Macmillan

"Entirely original. . . . All future texts on modern

Germany will have to take on board the findings of this major study."--Volker Berghahn, author of *Modern Germany Orphans and Vulnerable Youth in Bulawayo, Zimbabwe* IWA Publishing

This fascinating new study shows how the CIA and the British secret service, in collaboration with the military alliance NATO and European military secret services, set up a network of clandestine anti-communist armies in Western Europe after World War II. These secret soldiers were trained on remote islands in the Mediterranean and in unorthodox warfare centres in England and in the United States by the Green Berets and SAS

Special Forces. The network was armed with explosives, machine guns and high-tech communication equipment hidden in underground bunkers and secret arms caches in forests and mountain meadows. In some countries the secret army linked up with right-wing terrorist who in a secret war engaged in political manipulation, harrasement of left wing parties, massacres, coup d'états and torture. Codenamed 'Gladio' ('the sword'), the Italian secret army was exposed in 1990 by Italian Prime Minister Giulio Andreotti to the Italian Senate, whereupon the press spoke of "The best kept, and most damaging, political-military secret since World War II" (Observer,

18. November 1990) and observed that "The story seems straight from the pages of a political thriller." (The Times, November 19, 1990). Ever since, so-called 'stay-behind' armies of NATO have also been discovered in France, Spain, Portugal, Germany, Belgium, the Netherlands, Luxemburg, Denmark, Norway, Sweden, Finland, Switzerland, Austria, Greece and Turkey. They were internationally coordinated by the Pentagon and NATO and had their last known meeting in the NATO-linked Allied Clandestine Committee (ACC) in Brussels in October 1990. **NATO's Secret Armies** Self Here's quick access to more than 490,000 titles published from

Watch out Alexander McCall Smith! Here comes the first novel by the highly acclaimed writer Tarquin Hall in an entrancing new mystery series set in India. The portly Vish Puri is India's most accomplished detective, at least in his own estimation, and is also the hero of an irresistible

new mystery series set in hot, dusty Delhi. Puri's detective skills are old-fashioned in a Sherlock Holmesian way and a little out of sync with the tempo of the modern city, but Puri is clever and his methods work. The Case of the Missing Servant shows Puri ("Chubby" to his friends) and his wonderfully nicknamed employees (among them, Handbrake, Flush, and Handcream) hired for two investigations. The first is into the background of a man surprisingly willing to wed a woman her father considers unmarriageable, and the second is into the disappearance six months earlier of a servant to a prominent Punjabi lawyer, a young woman known only as

Mary. The Most Private Investigator novels offer a delicious combination of ingenious stories, brilliant writing, sharp wit, and a vivid, unsentimental picture of contemporary India. And from the first to the last page run an affectionate humour and intelligent insights into both the subtleties of Indian culture and the mysteries of human behaviour. From the Hardcover edition. The author of Indiscretion returns with a scorching tale of love, passion, and obsession, about one man's all-consuming desire for a beautiful, bewitching, and beguiling woman. Since childhood, Wylie Rose has been drawn to the charming, close-knit Bonet siblings. But none affected him more than the enchanting Cesca, a

girl blessed with incandescent beauty and a wild, irrepressible spirit. Growing up, Wylie's friendship with her brother, Aurelio, a budding painter of singular talent, brings him near Cesca's circle. A young woman confident in her charms, Cesca is amused by Wylie's youthful sensuality and trusting innocence. Toying with his devotion, she draws him closer to her fire—ultimately ruining him for any other woman. Spanning several decades, moving through the worlds of love.

high society, finance, and art, and peopled with poignant characters, *Girl in the Moonlight* takes us on a whirlwind tour, from the wooded cottages of old East Hampton to the dining rooms of Upper East Side Manhattan to the bohemian art studios of Paris and Barcelona. As he vividly brings to life Wylie and Cesca's tempestuous, heart-wrenching affair, Charles Dubow probes the devastating depths of human passion and the nature of true

The present-day Foreign Office in Whitehall is an imposing building whose genesis is bizarre. In 1857 a competition was held to pick an architect, which provoked a huge row between the rival 'Classical' and 'Gothic' schools, which a 'Goth' (George Gilbert Scott) won – but was then forced to re-design in Classical. The circumstances surrounding this fiasco furnish the starting-point for this book; which then goes on to analyse the debate that preceded this decision, for the light it sheds on the complex nature of British culture and

society then. Among issues raised were contemporary and conflicting understandings of Britain's (or England's) national and imperial identities; of religion and morality; of history, 'modernity' and 'progress'; and of class and gender. The debate offers an unusual insight into the relationship between all these matters and 'high culture' generally. This account of it should be of great value to cultural and social historians, as well as to any architectural historians interested in the broader historical context surrounding this and other great
