If NFL player Brody Shaw wants to retire from his hometown team, the Dallas Bulldogs, he needs to keep his head down and his nose clean. When the stray dog he rescued bites the pet sitter, it sets off an avalanche of bad publicity, and it's time to bring in a professional. Dog-trainer Lily Costello has no intention of training Brody's dog, CC—football players are bad news, and Brody Shaw is a player if she's ever met one. Then she sees the brand on CC's stomach. She came from a puppy mill—the very one Lily is trying to find and shut down. Brody is all in to help the curvy trainer, and with his clout and connections, Lily finally has a lead. But it's not long before they attract the wrong kind of attention. When someone makes it clear that they'll stop at nothing to halt the search, it'll take everything Brody and Lily have to escape with their lives... The Unlovabulls Book 1: Protective Instinct

The Agricultural Gazette and Modern Farming Speedy Kids

The opening installment in a series that has received more than 2,200 5-star reviews. This omnibus edition includes the first FIVE novels in the popular Reflections Series, plus two short stories, and is more than 1200 pages of romance, action and danger set in one of the richest, most complex worlds in the genre. Adri Paige's arrival in Sanctuary thrusts her into a dangerous, shadowy world most people don't believe exists, and places her in the middle of a war between darkly handsome Alec Graves and charismatic Brandon Worthingfield that threatens to consume the entire town. On the surface, both Alec and Brandon are nothing more than average high-school guys, but as Adri is pulled ever more deeply into their conflict she realizes that one of them wants to kill her. Adri needs to decide who to trust before her time runs out once and for all. The first seven installments of the breathtaking epic paranormal romance Reflections series are finally available in one place for more than 50% off of the normal retail price. True Love: My Beautiful Chief Editor Fir'shan Publishing

Based on Stanford University psychologist Kelly McGonigal's wildly popular course "The Science of Willpower," The Willpower Instinct is the first book to explain the science of self-control and how it can be harnessed to improve our health, happiness, and productivity. Informed by the latest research and combining cutting-edge insights from psychology, economics, neuroscience, and medicine, The Willpower Instinct explains exactly what willpower is, how it works, and why it matters. For example, readers will learn: • Willpower is a mind-body response, not a virtue. It is a biological function that can be improved through mindfulness, exercise, nutrition, and sleep. • Willpower is not an unlimited resource. Too much self-control can actually be bad for your health. • Temptation and stress hijack the brain's systems of self-control, but the brain can be trained for greater willpower • Guilt and shame over your setbacks lead to giving in again, but self-forgiveness and self-compassion boost self-control. • Giving up control is sometimes the only way to gain self-control. • Willpower failures are contagious—you can catch the desire to overspend or overeat from your friends—but you can also catch self-control from the right role models. In the groundbreaking tradition of Getting Things Done, The Willpower Instinct combines life-changing prescriptive advice and complementary exercises to help readers with goals ranging from losing weight to more patient parenting, less procrastination, better health, and greater productivity at work.

Who was Wallace Wood? The maddest artist of Mad magazine? The man behind Marvel's Daredevil? The Life and Legend is an incisive look back at the life and career of one of the greatest and most mythic figures of cartooning. Edited over the course of thirty years by former Wood assistant Bhub Stewart, The Life and Legend is a biographical portrait, generously illustrated with Wood's gorgeous art as well as little-seen personal photos and childhood ephemera. Also: remembrances by Wood's friends, colleagues, assistants, and loved ones. This collective biographical and critical portrait explores the humorous spirit, dark detours, and psychological twists of a gifted maverick in American pop culture.

Graham's Magazine Emerge (Evolve Series #1) Laney Walker is a quick witted, athletic, southern tomboy who lets few get too close, using her sarcastic zingers to deflect and no idea how others view her. Evan Allen's always been "friend zoned" yet protected and coveted Laney since they were children. But college puts a gap between them that neither were prepared for—old relationships are tested, new ones are formed and nothing will ever be the same. A killer stalks the city streets, and one FBI agent is determined to bring him down in this classic story from reader favorite Janie Crouch's Primal Instinct. On the crowded streets of San Francisco, a serial killer watches and waits. Known only as "Simon Says," he lures his next victim while the FBI grasps for answers. Desperate, they turn to Adrienne Jeffries. Adrienne has an uncanny talent for getting inside the city's most dangerous minds. But first she'll have to get past FBI agent Conner Perigo. Skeptical of Adrienne's abilities, Conner begrudgingly enlists her help...unprepared for the powerful attraction that could jeopardize their focus. With little time, and everything to lose, they must work to find Simon's next victim—before he does. Emerge (Evolve Series #1)

In Finding Balance, Deborah Pfingstl shares her personal journey as a massage therapist. Through true life stories and unique experiences, she explains how life molds us and the importance of balance to relieve our body's pain. Her stories are heart warming, funny and maybe a bit shocking. From working with seniors and adults with disabilities for the first twelve years of her eighteen-year career, to her travels to study massage therapy in other cultures. She offers a simple, common sense approach to self-care through relaxation, stretches and laughter. Through these stories she explains where these imbalances in our bodies can come from, their possible origins, and how we can find balance again.
