The Auto Suspension and Steering Shop Manual contains thorough coverage of the tasks listed in the A1 Engine Repair area of the NATEF Task List. Each job in this manual is a hands-on activity, and most

jobs correspond to one or more of the NATEF tasks. The jobs have been carefully organized and developed to increase the chances of passing the related ASE tests by having the reader apply what has been learned in the classroom. This manual steps the student through all of the NATEF tasks in the A1 Engine Repair area, which include inspecting, diagnosing, removing, and rebuilding engines and related subsystems.

Using a Haynes manual is like having a mechanic in every book. Our mechanics and writers work together on the project vehicle to arrive at the best possible procedures for the home mechanic and then photograph the actual work and write instructions so the reader can easily follow along. Haynes manuals include procedures for everything from routine maintenance to complete engine overhaul, and include wiring diagrams in the back of each book.
