This comprehensive guide explores one of the great traditions of Western painting: alla prima, or direct, painting. Bold brushwork and a painterly surface are the hallmarks of this renowned technique, and one of the great masters of alla prima was Arthur DeCosta, the legendary Pennsylvania Academy of Fine Arts teacher. In *Alla Prima*, author Al Gury reveals the step-by-step lessons he learned in his years of study with DeCosta. From start to finish, with clear explanations of color mixing, palettes, drawing and layering, structure, brushwork, and more, Gury guides readers through the full alla prima process. Portraiture, still life, figure, and landscapes are explored, all illustrated with the work of the greats, from Rubens, Rembrandt,

---

and Velazquez, through Degas, Manet, and Cezanne, to Sargent and Whistler. Today alla prima is the ideal choice for artists who want to return to skill-based training yet retain a contemporary style—and Alla Prima is the perfect guide to the technique.

Escape from Monkey Island is the rollicking fourth installment of the popular Monkey Island game series. Fans familiar with the side-splitting humor and outrageous characters that highlighted the first three Monkey Island games will find more of the same in Escape from Monkey Island. With game features that include punning pirates, vegetarian cannibals, and guys with names like Snugglecakes, LucasArts manages to successfully integrate humor with a compelling storyline. Game Strengths Nintendo and Shigeru Miyamoto have done it again! Mario Sunshine is a winning successor to Super Mario 64, the game many consider to be the best console title released on the N64 and the defining game for the 3D platform genre.

Although gameplay in Mario Sunshine is similar to that of Super Mario 64, gamers can expect new moves, new enemies, and sprawling urban/suburban environments that are a departure from the fanciful areas of Mushroom Kingdom. Set in a coastal town, Mario must use his water cannon backpack to spray water on paint blotches that fall from the sky to preserve the beauty of his town. Mario himself is more detailed than ever, boasting a newly improved high-polygon count and detailed texturing. He also features an extensive facial animation system that displays various emotions including happy, confused, and even exhausted. Description/Sales Handle
