A Little Book About Colors (Leo Lionni's Friends) Simon and Schuster  
Photographs explore the concept of color, from red cherries and yellow duck to blue marbles and other colorful objects.  
*A World of Colors* Clever Big Books  
One day three white mice discover three jars of paint--red, blue, and yellow. Both parents and children alike will appreciate this lighthearted presentation of a lesson in color. "Walsh's cut-paper collage illustrations have bold colors and just the right simplicity for the storyline. A real charmer that's great fun as well as informative."--School Library Journal  
**Primary Colors and Me by D. P. Bates** Henry Holt and Company (BYR)  
"A rich, believable portrait of a master politician out of office: needy, rivalrous, thin-skinned, proud, hot-tempered." —The New York Review of Books Updated in 2017 and hailed as, "engrossing...detailed and intimate" (Publishers Weekly), veteran political journalist Joe Conason's *Man of the World* brings you along with Bill Clinton, as the forty-second president blazes new paths in his post-presidential career. It is unlike the second career of any other president: "Bill Clinton" is a global brand, rising from the dark days of his White House departure to become one of the most popular names in the world. In his "deeply researched" (The New York Times Book Review) *Man of the World*, Joe Conason describes how that happened, examining Clinton's achievements, his failures, his motivations, and his civilian life. He explains why Clinton's ambitions for the world continue to inspire (and infuriate). Conason, who has covered Clinton for twenty years, interviewed him many times for this book—as well as Hillary and Chelsea and many of his friends, aides, rivals, and supporters. He has travelled with Clinton to Africa, Haiti, Israel, and across America. Conason's "often absorbing chronicle

captures the energy and charisma of the former president as he...finds a mission in his philanthropic work in Africa, Asia, and elsewhere" (Kirkus Reviews). *Man of the World*—starring the one and only Bill Clinton—tells the engrossing story of an extraordinary man who is still seeking to do good in the world.  
Special Subjects: Basic Color Theory Simon & Schuster  
"A clear and simple guide for young artists"--Cover.  
Colors All Around Abrams Appleseed  
A beloved 1962 Little Golden Book is back in print! This poetic look at colors, told in simple rhyme, celebrates not only primary colors, but "colors all mixed up," and teaches about stripes, sparkles, and spots on adorable animals and in beautiful landscapes. Full color.

Coloring with Block Crayons, Emphasizing the Primary Colors, a Manual of Coloring Techniques for Teaching to Children Cambridge University Press  
For use in schools and libraries only. White Rabbit hops from one paint pot to another, changing colors as he goes, until he ends up brown  
Mouse Paint Random House  
This is about mixing colors. Starting with the primary colors, red, yellow, and blue frogs. They hop all around the pages leaving their color footprints, mixing together making new colors like orange, green, and purple. In the end, all three frogs mix their footprints together to make browns.  
Pantone: Colors Open Road Media  
The girl in red, the girl in yellow, the girl in blue, and the boy in black and white are all set to stir up the rainbow. Watch them create a living kaleidoscope, step by step by step.  
Colors Are Nice Owl Books  
A brilliant and penetrating look behind the scenes of modern American politics, *Primary Colors* is a funny, wise, and dramatic story with characters and events that resemble some familiar, real-life figures. When a former congressional aide becomes part of the staff of the governor of a small Southern state, he watches in horror, admiration, and amazement, as the governor mixes calculation

and sincerity in his not-so-above-board campaign for the presidency.

#### Man of the World National Geographic Children's Books

Explores the relationships between real-world objects and their colors, illustrating that each color comes in many different shades and that familiar objects sometimes come in unexpected colors, such as green bananas.

#### The Secondary Colors Owl Books

For more than 200 years the world has accepted that red, yellow and blue - the artists primaries - give new colours when mixed. And for more than 200 years artists have been struggling to mix colours on this basis. In this exciting new book, Michael Wilcox offers a total reassessment of the principles underlying colour mixing. It is the first major break-away from the traditional and limited concepts that have caused painters and others who work with colour so many problems. Back Cover.

#### A Book About Color Penguin

The truth only fiction can tell. This is a novel about aspiration and delusion, set during the presidential election of 2012 and written by an anonymous author who has spent years observing politics and the fraught relationship between public image and self-regard. The novel includes revealing and insightful portraits of many prominent figures in the political world—some invented and some real.

#### The Kingfisher Secret Golden Books

Learn how to use color effectively and become a well-rounded artist with this easy-to-follow guide. With sturdy pages and engaging artwork, this colorful book is perfect for boys and girls ages 0 to 3. It makes a great baby shower gift!

#### Mixed: A Colorful Story Crown

Joe Klein, best-selling author of Primary Colors and one of our most brilliant political analysts, now tackles the subject

he knows best: Bill Clinton. Astute, even-handed, and keenly intelligent, The Natural is the only book to read if you want to understand exactly what happened – to the military, to the economy, to the American people, to the country – during Bill Clinton's presidency, and how the decisions made during his tenure affect all of us today. Much has been written about Clinton, but The Natural is the first work to cut through the gossip, scandals, media hype, and emotional turbulence that Clinton always engendered, to step back and rationally analyze the eight years of his tenure, a period during which America rose to unprecedented levels of prosperity. Joe Klein puts that record into perspective, showing us what worked and what didn't, exactly what was accomplished and why, and who was responsible for the successes and the failures. We see how the Clinton White House functioned on the inside, how it dealt with the maneuvers of Congress and the Gingrich revolution, and who held power and made the decisions during the endless crises that beset the administration. Klein's access to the White House over the years as a journalist gave him a prime spot from which to view every crucial event – both political and personal – and he sets them forth in an insightful, readable, and completely engrossing manner. The Natural is stern in its criticism and convincing with its praise. It will cause endless debate amongst friends and foes of the Clinton administration. It is a book that anyone interested in contemporary politics, in American history, or in the functioning of our democracy, should read.

#### Blue and Yellow Don't Make Green Rocking Chair Kids – Red Chair Press

This historical middle grade novel written in free verse, set against the backdrop of the desegregation battles that took place in Houston, Texas, in 1972, is about a young boy and his family dealing with loss and the revelation of dark family secrets. Ten-year-old Paulie Sanders hates his name because it also belonged to his daddy—his daddy who killed a fellow white man and then crashed his car. With his mama unable to cope, Paulie and his sister, Charlie, move in with their Aunt Bee and attend a new elementary school. But it's 1972, and this new school puts them right in the middle of the Houston School District's war on desegregation. Paulie soon begins to question everything. He hears his daddy's crime was a race-related one; he killed a white man defending a black man, and when Paulie starts picking fights with a black boy at school, he must face his reasons for doing so. When dark family secrets are revealed, the way forward for everyone will change the way Paulie thinks about family forever. The Colors of the Rain is an authentic, heartbreaking portrait of loss and human connection during an era fraught with racial tension set in verse from debut author R. L. Toalson.

#### Primary Colors WestBow Press
