Princeton Review Science Workbook Syllabus

Best Science Review there is. I thought it was gold. Its a thick book full of passages questions and explanations, very comprehensive. You learn by drilling passages and questions, one after another. Like the cars workbook, you get well written passages, good explanations. I can't stress enough that doing questions is the best way to learn.

Princeton Review Science Workbook Syllabus

This book offers plenty of practice for the MCAT, even though it is based on the old MCAT. Great book and really helps you grasp the essence of the material tested. Although there is a very little overlap with the passages and the full length princeton review tests.
