The Four Cornerstones of Corporate Finance John Wiley & Sons

Give your students a strong foundation in contemporary finance using the latest PRINCIPLES OF FINANCE, 6E by leading finance authors Besley and Brigham. This dynamic survey text addresses today's most relevant financial concepts as students examine current financial markets and institutions, investments, and managerial finance. An ideal choice for corporate finance topics, this edition is more practical than ever before. Learning Objectives, Chapter Summaries, and in-chapter Self Tests ensure readers fully understanding concepts, while revised coverage

further clarifies the presentation of time value of money and other complex concepts. When relevant, this edition now discusses the impact of the 2007-2009 financial market meltdown on finance today and clearly connects topics to students' personal finance decisions. Students see how concepts influence both immediate and long-term common financial decisions. Students learn to use spreadsheets for financial decisions and financial problem solving. The book's modular format allows you to present concepts in the order that best suits your course. The book begins by discussing principles of financial systems and business organizations, then addresses valuation concepts and corporate decision making and concludes with investment fundamentals. Count on **PRINCIPLES OF FINANCE, 6E** to offer the diversity of coverage and practical strengths your students need for success. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Principles of Corporate Finance McGraw-Hill Education

Fundamentals of Corporate Finance, by Brealey, Myers and Marcus, provides students with a solid framework of theory and application to use well after they complete the course. This author team is known for their outstanding research, teaching efforts, and world-renowned finance textbooks, so it's no surprise that they provide clear exposition of difficult material without sacrificing up-to-date, technically correct treatments. And with the Eighth Edition, McGraw-Hill's adaptive learning component, LearnSmart, provides assignable modules that help students master chapter core concepts and come to class more prepared. In addition, resources within Connect help students solve financial problems and apply what they've learned.

Brealey's personable writing style and world-leading content combine with a complete digital solution to help students achieve higher outcomes in the course. Connect is the only integrated learning system that empowers students by continuously adapting to deliver precisely what they need, when they need it, and how they need it, so that your class time is more engaging and effective.

The Four Cornerstones of Corporate Finance McGraw-Hill Companies

An accessible guide to the essential issues of corporate finance While you can find numerous books focused on the topic of corporate finance, few offer the type of information managers need to help them make important decisions day in and day out. Value explores the core of corporate finance without getting bogged down in numbers and is intended to give managers an accessible guide to both the foundations and applications of corporate finance. Filled with in-depth insights from experts at McKinsey & Company, this reliable resource takes a much more qualitative approach to what the authors consider a lost art. Discusses the four foundational principles of corporate finance Effectively applies the theory of value creation to our economy Examines ways to maintain and grow value through mergers, acquisitions, and portfolio management Addresses how to ensure your company has the right governance, performance measurement, and internal discussions to encourage value-creating decisions A perfect companion to the Fifth Edition of Valuation, this book will put the various issues associated with corporate finance in perspective.

Solutions Manual to Accompany Brealey/Myers/Marcus Oxford University Press

The best-selling Fundamentals of Corporate Finance (FCF) has three basic themes that are the central focus of the book: 1) An emphasis on intuition—the authors separate and explain the principles at work on a common sense, intuitive level before launching into any specifics. 2) A unified valuation approach—net present value (NPV) is treated as the basic concept underlying corporate finance. 3) A managerial focus—the authors emphasize the role of the financial manager as decision maker, and they stress the need for managerial input and judgment. The Tenth Edition continues the tradition of excellence that has earned Fundamentals of Corporate Finance its status as market leader. Every chapter has been updated to provide the most current examples that reflect corporate finance in today's world. The supplements package has been updated and improved, and with the enhanced Connect Finance and Excel Master, student and instructor support has never been stronger. Connect is the only integrated learning system that empowers students by continuously adapting to deliver precisely what they need, when they need it, and how they need it, so that your class time is more engaging and effective.

Fundamentals of Corporate Finance, PDFebook , Global Edition McGraw-Hill Companies

Readable and usable in style and valuable in approach, this text provides the practical and succinct advice that students and practitioners need, rather than a sole concentration on debate theory, assumptions, or models. Like no other text of its kind, the author applies corporate finance to real companies. The new Third Edition has four real-world core companies to study and follow. Perfected suited for MBA programs' corporate finance and equity valuation courses, all business decisions are classified into three groups: the investment, financing, and dividend decisions.

Corporate Finance PDF ebook 7th Edition McGraw-Hill Education

Now in its Twelfth Edition, Principle of Corporate Finance continues to be one of the most comprehensive and authoritative presentations of financial theory and practice available. The book has been substantially revised and now reflect some recent developments in the financial markets or company practice. It also aims to explain aspects of theory and concepts from an Indian perspective. This is a leading text worldwide and has proven to be useful to students and financial managers alike.
