What Every Engineer Should Know About Excel Human Resource Development When you think of number-crunching and

spreadsheets, you think of Excel, right? After Word, it ' s the most popular program in the Microsoft Office suite. But if technical jargon isn ' t your first language, you may have found Excel just a teeny bit frustrating. It can be really hard to pick your way through the many features and make Excel do what you need for it to do. Once you know how, you can use Excel to

Create fill-in-the-blank forms
Prepare expense reports and invoices
Manage all sorts of data
Keep sales and inventory records
Analyze financial data and create forecasts
Present information in charts and graphs

Excel 2003 All-in-One Desk Reference For Dummies tames the Excel monster. Nine minibooks break things down into manageable, logical sections covering the basics, worksheet design, formulas and functions, worksheet collaboration, charts and graphics, data management, data analysis, working on the Web, and tweaking Excel with a programming language called Visual Basic for Applications, or VBA. In the friendly, plain-English For Dummies style, this book makes it easy to find what you ' re looking for and get instructions for doing what you need to do. You ' ll be able to Find your way around Excel ' s menus, toolbars, and dialog boxes, and access online help Format a professional-looking spreadsheet that presents data the way you choose Edit an existing spreadsheet without disturbing its design or contents Build Excel formulas and use built-in functions to produce the calculations you want Share spreadsheet data with other people and programs, and collect comments Create

great-looking charts and find out how to choose the right format to display your data effectively Use Excel to maintain large amounts of data, then filter the data to extract the information you need Publish spreadsheets and charts on the Web in HTML format Explore ways to customize Excel with VBA Best of all, it ' s easy to find what you need in Excel 2003 All-in-One Desk Reference For Dummies. Before you know it, you ' ll discover you ' ve developed a friendship with Excel that will make your life easier, boost your business, and impress your friends!
