V. 1. "This gorgeous book, the first of a four-volume definitive catalogue, features Chase's stunning paintings in pastel, which constitute a major and previously understudied body of work by the artist; monotypes; painted tiles and plates; watercolors; and prints. Reconstructing Chase's oeuvre is a daunting task, as the artist left few records of any kind, and no documentation of his individual works exists. Furthermore, Chase's paintings and pastels have been forged in great numbers throughout the years, and many of these works still surface on the art market.

Making this long-awaited volume even more valuable is a list of every known exhibition of Chase's work during the artist's lifetime, selected examples of major post-1917 exhibitions, and an essay on Chase's innovative pastel technique"--Jacket.

In this novel, based on his Ph.D Dissertation at Columbia University, the author reveals his talent for storytelling and provides a striking account of Hitler's persecution of Polish Jews all the way to Central America, and how they fought against his plans for their destruction. The novel also reveals these immigrant's internal struggles for their personal liberation with regard to women's and gay rights, both in Germany, Poland, and Central America. It deals, for the first time, on issues of the 1930's and 40's, which no one had unearthed before, specially those relating to Nazi war efforts to take control over the Panama Canal. A must read for both its academic and riveting narrative.

Prison Nation is a distant dispatch from a foreign and forbidden place--the world of America's prisons. Written by prisoners, social critics and luminaries of investigative reporting, Prison Nation testifies to the current state of America's prisoners' living conditions and political concerns. These concerns are not normally the concerns of most Americans, but they should be. From substandard medical care the inadequacy of resources for public defenders to the death penalty, the issues covered in this volume grow more urgent every day. Articles by outstanding writers such as Mumia Abu-Jamal, Noam Chomsky, Mark Dow, Judy Green, Tracy Huling and Christian Parenti chronicle the injustices of prison privatization, class and race in the justice system, our quixotic drug war, the rarely discussed prison AIDS crisis and a judicial system that rewards mostly those with significant resources or the desire to name

names. Correctional facilities have become a profitable growth industry, for companies like Wackenhut that run them and companies like Boeing that use cheap prison labor. With fascinating narratives, shocking tales and small stories of hope, Prison Nation paints a picture of a world many Americans know little or nothing about.

I won't let anything happen to my little girl. You tell him everything. The

It might surprise you who's a fan of poetry – when it meets them where they are. Before he became an award-winning writer and poet, Brian Sonia-Wallace set up a typewriter on the street with a sign that said "Poetry Store" and discovered something surprising: all over America, people want poems. An amateur busker at first, Brian asked countless strangers, "What do you need a poem about?" To his surprise, passersby opened up to share their deepest yearnings, loves, and heartbreaks. Hundreds of them. Then thousands. Around the nation, Brian's poetry crusade drew countless converts from all walks of life. In The Poetry

of Strangers, Brian tells the story of his cross-country journey in a series of heartfelt and insightful essays. From Minnesota to Tennessee, California to North Dakota, Brian discovered that people aren't so afraid of poetry when it's telling their stories. In "dying" towns flourish vibrant artistic spirits and fascinating American characters who often pass under the radar, from the Mall of America's mall walkers to retirees on Amtrak to self-proclaimed witches in Salem. In a time of unprecedented loneliness and isolation, Brian's journey shows how art can be a vital bridge to community in surprising places. Conventional wisdom says Americans don't want to talk to each other, but according to this poet-for-hire, everyone is just dying to be heard. Thought-provoking, moving, and eye-opening, *The Poetry of Strangers* is an unforgettable portrait of America told through the hidden longings of one person at a time, by one of our most important voices today. The fault lines and conflicts which divide us fall away when we remember to look, in every stranger, for poetry.

Now the Netflix Limited Series Unbelievable, starring Toni Collette, Merritt Wever, and Kaitlyn Dever • Two Pulitzer Prize-winning journalists tell the riveting true crime story of a teenager charged with lying about having

winding path to arrive at the truth. "Gripping . . . [with a] John Grisham-worthy twist."—Emily Bazelon, *New York Times Book Review* (Editors' Choice) On August 11, 2008, eighteen-year-old Marie reported that a masked man broke into her apartment near Seattle, Washington, and raped her. Within days police and even those closest to Marie became suspicious of her story. The police swiftly pivoted and began investigating Marie. Confronted with inconsistencies in her story and the doubts of others, Marie broke down and said her story was a lie—a bid for attention. Police charged Marie with false reporting, and she was branded a liar. More than two years later, Colorado detective Stacy Galbraith was assigned to investigate a case of sexual assault. Describing the crime to her husband that night, Galbraith learned that the case bore an eerie resemblance to a rape that had taken place months earlier in a nearby town. She joined forces with the detective on that case, Edna Hendershot, and the two soon discovered they were dealing with a serial rapist: a man who photographed his victims, threatening to release the images online, and whose calculated steps to erase all physical evidence suggested he might be a soldier or a cop. Through meticulous police work the detectives would eventually connect the rapist

to other attacks in Colorado—and beyond. Based on investigative files and extensive interviews with the principals, *Unbelievable* is a serpentine tale of doubt, lies, and a hunt for justice, unveiling the disturbing truth of how sexual assault is investigated today—and the long history of skepticism toward rape victims. Restoring Women's History Through Historic Preservation University of Virginia Press
For over forty years in more than sixty countries, Raymond Baker has witnessed the free-market system operating illicitly and corruptly, with devastating consequences. In *Capitalism's Achilles Heel*, Baker takes readers on a fascinating journey through the global free-market system and reveals how dirty money, poverty, and inequality are inextricably intertwined. Readers will discover how small illicit transactions lead to massive illegalities and how staggering global income disparities are worsened by the illegalities that permeate international capitalism. Drawing on his experiences, Baker shows how Western banks and businesses use secret transactions and ignore laws while handling some \$1 trillion in illicit proceeds each year. He also illustrates how businesspeople, criminals, and

kleptocrats perfect the same techniques to shift funds and how these tactics negatively affect individuals, institutions, and countries.

Things We Do in the Dark Center

12 Lectures, Leipzig, September 2-14, 1908 (CW 106) Rudolf Steiner emphasizes the astonishing and special relationship between our own time and that of ancient Egypt--how, in the natural rhythm of the ages, the so-called third post-Atlantian (Egyptian) epoch is mirrored by the fifth (present) epoch. In this sense, today it is especially relevant to look at ancient Egypt with fresh eyes. The evolution of Western civilization has been profoundly influenced by Egyptian myths through the Greek mysteries. Because of other influences, however, this heritage has degenerated; thinking has mummified and myth has all but disappeared. Consequently, it is important to revive the seed of goodness passed down to us from ancient Egypt. Through true imagination, it is our task to renew human knowledge related to the creative forces in nature, which the Egyptians attempted through the Osiris-Isis myth, and the Greeks through the myth of

Demeter. This is what Rudolf Steiner attempts in this lecture cycle. Steiner's subjects include: experiences of Egyptian initiations; esoteric anatomy and physiology; the stages of evolution of the human form; and much more. The final lecture is on the Christ impulse as the conqueror of matter. This volume is a translation from German of «Ägyptische Mythen und Mysterien im Verhältnis zu den wirkenden Geisteskräften der Gegenwart» (GA 106). C O N T E N T S
