Seminar paper from the year 1999 in the  
subject American Studies - Culture and  
Applied Geography, grade: 2 (B), LMU  
Munich (America Institute), 17 entries in  
the bibliography, language: English,  
abstract: In America, abortion is a topic  
that is especially discussed by the  
differentiating pro-life and pro-choice  
groups. They talk about whether women  
should be allowed to have an abortion or  
not, and almost every American has an  
opinion on the issue. One might ask if this  
is necessary considering the fact that  
laws do not prohibit abortion. But in the  
US, the overall question of morality,  
conservatism, but also individualism and  
equality plays an important role and is the  
basis for these discussions. Therefore, it  
is important to have a look at the history

of abortion to understand the controversial  
opinions and the importance of the topic  
for the public. Furthermore, one has to  
understand the procedure of abortion and  
think about why women decide not to have  
a child. The fact that pro-life- and pro-  
choice-groups are trying to convince  
others of their attitude towards abortion  
plays an important role, as well as  
concerns about the future. To ease the  
beginning of the reading and to make the  
reader familiar with the issue, the paper  
starts with a definition of abortion.

The Foreword then notes that this approach faces daunting political hurdles as it seeks to offer a missing fourth option in American public life in distinction to the familiar political options of conservatism, liberalism, and libertarianism. After describing other aspects of the intellectual and political atmosphere for pro-life progressivism, the Foreword summarizes the papers from the three symposium panels: an overview panel with both proponents and critics (from the left and right) of pro-life progressivism, a law and policy panel advancing and critiquing specific proposals in a pro-life progressive agenda, and a politics panel assessing the viability and future of this approach in politics and culture.

With this platform, we the Republican Party reaffirm the principles that unite us in a common purpose. We believe in American exceptionalism. We believe America is exceptional because of our historic role - first as refuge, then as defender, and now as exemplar of liberty for the world to see. We believe our constitutional system - limited government, separation of powers, federalism, and the rights of the people - must be preserved uncompromised for future generations. We believe political freedom and economic freedom are indivisible. When political freedom and economic freedom are separated - both are

in peril; when united, they are invincible. We believe that people are the ultimate resource - and that the people, not the government, are the best stewards of our country's God-given natural resources. As Americans and as Republicans we wish for peace - so we insist on strength. We will make America safe. We seek friendship with all peoples and all nations, but we recognize and are prepared to deal with evil in the world. Based on these principles, this platform is an invitation and a roadmap. It invites every American to join us and shows the path to a stronger, safer, and more prosperous America.

Two strangers, one city, four days, one night, one lie and a fantastic journey. 'When We Clicked' is my twisted love story. I am Akhil Parlekar, a Mumbaikar in my early twenties. Like every other Mumbaikar I love my city,

consider Sachin Tendulkar a God fantasize about Katrina Kaif, but I am about to die. Before I was dying, I lived my life in four days, when we clicked. It was love at first sight for me, but not for her. I spent the four days with her wandering in the city, thinking that she would fall in love with me, but the night that followed the fourth day, changed everything. This journey is about emotions like humour, lust, hatred, betrayal, heroism, friendship and the biggest emotion of them all; love. I am letting you in my heart as well as my brain, you be the judge if this is a love story or not. 'You are the protagonist of your life's story, the central character around which all the other characters and incidents occur. When the protagonist of your story changes to someone else, you are in love. That person becomes the central character of your story and everything else revolves around the person you love.'

This is a memoir presented in an anthological - like format; in other words, a collection of short stories, on the life of the

author. It starts when he was growing up in the Philippine countryside of Ilocos Sur province. Just like a normal kid, he played with his friends, did crazy things, went to school and moved to Manila, for his college education. He got married while in fifth year college, but still graduated on time. This book relates his struggles, failures, as well as successes, including his coming to America. Searching for the American Dream was no picnic either, but with perseverance, he achieved some of them in modest ways. Foreigners planning to immigrate to the great ol' USA could get glimpses, on what it takes, to come and live in America.

Transparency is vital to the building and strengthening of every relationship and every

---

ministry. It allows people to see you as approachable and to feel safer when talking to you. Transparency is a gateway to trust, and trustworthiness is an important quality which people seek in a good, ministerial leader. They want to know: Is this person trustworthy? Is this person honest? How do I know I can talk to this person without fear of condemnation? It is with this in mind that Rohini Townsend approaches writing, friendships, ministry, and life itself. Her desire to see people healed and whole has led to a candor and openness that is sure to tug at the heartstrings of the despondent. *Put Some Shoes On*, is an emotional and gripping story of one little girl's journey through heartache, rejection, abuse, and turmoil. Chronicling her path from scared child to broken, rebellious teen to powerful, anointed woman of God, the author shares the most intimate moments of her life with refreshing transparency and soul stirring honesty. It is not only a story of past hurts, it is a story of learning, growing and seeking a

deeper relationship with God -- the steps and sacrifices that are required for that level of depth and connection to the Father. Raw, poignant, and insightful, *Put Some Shoes On* was written to heal. It was written with your salvation in mind. This is a story of overcoming and, while on that walk, discovering who you are, and more importantly, WHOSE you are. Every step you take was conceived in the mind of the Father to guide you towards recognizing the spiritual gifts He has placed in you. Be not weary in well doing. Do not allow your circumstances to define you. Do not be consumed by trials and heartache. Take your experiences and let God use them to mold you into a powerful Kingdom citizen. Put some shoes on and walk boldly in your Godly identity.

My father's suspicious death, perhaps at the hands of a small town sheriff's department,

---

forced my mother to flee our hometown--Idamay, West Virginia--a few days after he died in 1954. She was told that he'd hung himself in a jail cell in Fairmont, West Virginia, where he was being held for driving while intoxicated. She was afraid they would do something to her and leave us kids orphaned. Though we left Idamay, that town and our devastating loss followed us. My father's absence, though seldom spoken about, was "present" everywhere we turned. My mother never looked back. But when she died forty-two years later, his death came back to me in full force. I felt compelled to investigate further. I'd heard conflicting stories all my life. This book documents an investigation that yields more questions than answers for the seven-year-old survivor who has an insatiable need to know. This book is about this seven-year-old whose

entire life was indelibly marked by this tragic loss that she experienced when she had just reached what is often called the age of reason. Her quest for the truth takes her to places she'd never dreamed she could go. Because there is so much she doesn't know, she finds herself leaning heavily on her imagination to help her to navigate this mysterious and fatherless world. *Desert Journal* Tata McGraw-Hill Education

Simcha Guterman's, *Leaves from Fire*, is a firsthand account written with the deep sense of comprehension he was documenting the fate of his people. Knowing full well that his life was in danger, Simcha chronicled the occurrences of the Holocaust on long scraps of paper, as

they happened right before his eyes. The events described take place in Poland, during the first years of World War II. The author stuffed long paper scraps, written in Yiddish, into bottles and hid in them in different places. One of these bottles was discovered after the war. Simcha Guterman's work has been published and translated into eight different languages, receiving high praise from critics. The book's evocative illustrations were drawn by Yaakov Guterman, the author's son.

"The Quit Smoking Answer" is structured in such a way that all readers follow a process of "cold turkey" cessation through a step-by-step system to become nicotine free. The system shared is quick, easy, and proven, regardless of a person's

dependency on nicotine. If you have ever thought, "wouldn't it be nice to quit smoking" than you've set the mood and you're ready to begin. It's easier to quit nicotine than you think! JW Smith, a smoker for 40 years, wrote this book after ending his vicious cycle of numerous failed attempts to quit. His system for nicotine cessation evolved over a subsequent six-week period of preparation to quit. He shares his story about a conversation with his nine year-old granddaughter that finally set the wheels in motion to find a better way - one that works. JW researched smoking cessation methods and used his own experience to forge a new path. This book may very well be destined to be in a category by itself in the nicotine cessation world of recommendations and advice. Why? Because it works! JW makes the case that smoking cessation is not an event, but rather a process. His book will teach you the key cognitive techniques he used to end both the physical and psychological addictions to nicotine. It debunks myths about nicotine

---

replacement therapy products and instead lays out a natural progression of steps for becoming a nonsmoker. The premise of the book is based on this famous quote; "When you change the way you look at things, the things you look at change." In the beginning of the book it is recommended to establish an environment and path of least resistance. Less resistance to quit is the first key step to becoming nicotine free. It is recommended that readers continue the use tobacco products including e-cigarettes while reading the book over a two or three day period of time- helping again to establish less resistance to quit. He additionally recommends as a first step that you tell no one of your desire to quit - preventing anyone including yourself of sabotaging your intention. As you apply the techniques and methods written about it becomes a natural procession leading up to your very last cigarette or use of chewing tobacco. A transformation of your thinking takes place and ending your addiction will seem like an "almost non-

event" - as something just happens to you as you read this book. You will be physically and mentally prepared to end your addiction after reading this one of a kind book. Free from nicotine for life - and all the great rewards that come with it!
