ProStart - CT-4311TW

We used to stay away from remote car starters on manual shift cars. Back in the day, there were all kinds of methods to do a remote start in a standard shift. One manufacturer had little lights that you had to line up to ensure that the shifter was in the neutral position. What a joke that was.

ProStart - Remote Start

The ProStart remote starter comes with a four-function remote that needs to be programmed at the time of installation. It is possible for the remote to hold up to four transmitter codes within its internal memory. In order to "Code Learn" the remotes, you will need to have the car's key accessible as well.
