## Guide to Debating and Public Speaking Routledge

This text focuses student-learning on the key communication competencies recommended by the National Communication Association. With applied examples and a vibrant and engaging design, this text covers all the expected topics in an introductory course (foundations of communication, interpersonal communication, small group communication, and public speaking - plus a special appendix on interviewing). Scenarios begin each chapter with a problem to which students can relate and then solve as they learn about the concepts discussed in each chapter. A concentrated focus on careers in communication, highlighted in a two-page spread near the end of each chapter, brings home the relevance of communication outside the classroom and helps students learn more about how

---

studying communication can help them throughout their lives. Additional emphasis on topics such as ethics, culture, gender, and technology is found throughout the text.
